

# President Trades Punches With GOP On Farm Problems

(By The Associated Press)

President Truman carried his western tour to Casper, Wyo., today for a speech on water and land development after trading punches with the Republicans on agriculture.

He declared his administration would push for western development in the fact of "reactionary forces" of "privilege and greed" with their philosophy of "teapot dome."

## Crowd Gets Wet

In a speech prepared for delivery at Casper he scoffed at those who would cry "Socialism," "Regimentation," or "Boondoggle" at government water and land resource development.

A crowd estimated by police at 10,000 stood in the rain at Lincoln, Neb., yesterday to hear Mr. Truman's first formal speech of his 16-state tour.

His praise of the farm plan advanced by secretary of agriculture Brannan drew prompt retorts from Senator Wherry (R-Neb.) back in Washington.

Mr. Truman said the Brannan plan would be a step toward world peace and prosperity and added:

"The plain fact is that the production payment plan is the best

plan yet proposed for getting an abundant production of perishable crops consumed without knocking the bottom out of the farmer's income."

The Brannan plan would permit the price of perishable foods to fall to the market level. If this level was below a government-fixed estimate of a fair income to the farmer, the government would make up the difference by production payments (subsidies) to him.

In Washington, Wherry defined the plan as "that economic monstrosity" and added:

"The President obviously is playing politics with the farmers' problems, trying to please CIO bosses and Americans for Democratic action with dirt cheap prices for food and win the farmers' vote with offers of bribery from the public treasury."

The House floor yesterday witnessed a flurry of congressional debate on the presidential trip.

## Costs Taxpayers \$250,000

Rep. Arends (R-Ill.) said the jaunt was undertaken "to advocate new ways and means of spending money." Rep. Rich (R-Penn.) said that the trip is a political stunt costing the taxpayers \$250,000.

Rep. Biemiller (D-Wis.) retorted that the Republicans were playing petty politics. Rep. Dingell (D-Mich.) said the Republicans are a party without a positive stand, except maybe "against sin."

Mr. Truman is telling his "whistle-stop" audiences between the formal speeches that he is there to "find out just how things are going and what the people of the country want the government to do."

The Republicans, who are organized to fight back with oratory every time Mr. Truman speaks, say that his trip is a foredoomed-to-failure effort to win the election of more Democrats like himself.

## Valley Flooded By Red River

GRAND FORKS, N. D.—(P)—The Red river of the north today poured new and greater torrents of destruction over a valley just seeking recovery from its worst flood in 50 years.

Thousands of persons were again evacuated from newly refurbished homes as the stream and its tributaries swept to new high levels under the impact of 24 hours of rain.

The downpour continued early today and the weather bureau here forecasts two and one-half more inches of rain would add to the woes of the area by tonight. Several communities in eastern North Dakota and western Minnesota were already isolated by the uncontrolled flood waters.

County agents said livestock growers faced a "desperate situation" because of a shortage of hay and other feeds. Animals normally would be in pastures by this date. Stored stocks were depleted by floods sweeping across farms intermittently since the middle of April.

## One Person Drowned In Nebraska Flood

AUBURN, Neb.—(P)—At least one person drowned and a dozen were feared missing today in floods growing out of torrential rains last night.

Rains of six inches and more turned rivers and streams in this southeastern Nebraska area into raging torrents.

Known dead was Walter Adams about 50, of Syracuse. Flood waters of the Nemaha river, which flooded homes of an estimated 60 Syracuse families, took his life.

Adams was caught by rising waters near his home. Firemen tried to throw him a rope but firemen themselves had to climb trees to safety as the waters rose.

## Wind-Fanned Fires Burn Maine Woods

BOSTON — (P) — High winds shipping through New England have fanned scores of fires into woodland-destroying infernos.

The two-day gales roared behind some 65 separate fires in Maine and laid waste to more than 1,700 acres of forest in that state. More than 1,300 acres were destroyed in Rhode Island yesterday.

## Burglar Ring Hunted

BIG RAPIDS — (P) — Sheriff departments of Mecosta, Oscoda and Isabella counties have arranged to pool clues in a concerted attempt to crack a burglary ring which has been active in the three-county area for the past two months.

## Court Upholds Taft-Hartley Loyalty Oath

Michigan No-Strike Law Ruled Invalid

By PAUL M. YOST

WASHINGTON—(P)—The supreme court sees no violation of the constitution in the non-Communist oath provisions of the Taft-Hartley labor law.

By a vote of five to one, the high tribunal yesterday upheld the power of congress to compel union officials to swear they are not communists if they wish to get the assistance of the National Labor Relations board.

## Beliefs Not Stifled

"In this legislation," said Chief Justice Vinson, "congress did not restrain the activities of the Communist party as a political organization. Nor did it attempt to stifle beliefs."

Speaking for the court majority, the chief justice stated the oath provision "touches only a relative handful of persons, leaving the great majority of persons of the identified (Communist) affiliations and beliefs completely free from restraint."

## Overtime Pay Cleared

Ruling in a series of labor cases, the justice also held:

1. Workers in government munitions plants operated by private companies under cost-plus-fixed-fee contracts are entitled to coverage under the federal wage-hour law. The ruling clears the way for some wartime workers to push overtime pay claims that might total some \$250,000,000.

2. A Michigan law, which pro-

(Continued on page 6)

## Reds Free Two US 'Spy' Airmen

TOKYO—(P)—The Chinese Communists broadcast today are releasing two American airmen from whom they extorted "spy confessions" after 18 months in prison.

The official Peiping radio said the two airmen, E. C. Bender and W. C. Smith, will be released, it gave no details.

Marine Master Sgt. Elmer C. Bender, Cincinnati, and Navy Chief Electrician William C. Smith, Long Beach, Calif., were forced down Oct. 19, 1948, on a flight from Tsingtao, then a U. S. naval base.

They have been held incommunicado. The Reds stiffly rejected all efforts to obtain their release.

The Communist radio broadcast this statement by Gen. Hsu Shih-yun, commander of the Shantung military district:

"It was not until lately that Bender and Smith, influenced by our magnanimous policy toward prisoners, began to confess."

"The history of Communism is full of similar 'confessions,' obtained after long imprisonment."

## Ottawa Lake Safe

Robbed Of \$3,200; Postoffice Missed

ADRIAN, Mich. — (P)—Safe-crackers robbed a co-operative elevator at nearby Ottawa Lake of \$3,200 in cash last night, but failed in an attempt to loot the Ottawa Lake post office.

Victim of the robbery, the latest in a series of safe-crackings that have plagued Lenawee county recently, was the Ottawa Lake Cooperative Elevator Co. Employees reporting to work this morning found the \$3,200 cash and \$1,500 in checks missing.

The safe at the local post office had been tampered with, but was intact.

## Minnow Hunt Fatal

LUDINGTON — (P) — Eleven-year-old Charles Knapp went looking for minnows in Pere Marquette Lake Monday evening, tumbled into deep water, and drowned. He was the son of Mr. and Mrs. Harold Knapp.

WINNIPEG STREETS DAMP — As flood waters from overflowing Red River brought misery along a 70-mile front in the Winnipeg, Canada, area, traffic still moved along water-filled streets. And police, adding hip boots to their uniforms, are out in the stream of traffic directing the amphibious motorists. (NEA Telephoto)

# House GOP Set To Whack Billion Off Appropriations

ON WHISTLE-STOP TOUR — President Truman, with Mrs. Truman and daughter Margaret, are shown waving from the back platform of the Truman special train now on a cross-country stumping tour. The President reached Wyo-

ming today on his 6,000-mile 'non-political' trip to the Pacific Northwest and return. He has booked eight major speeches and there will be scores of back-platform talks. (NEA Telephoto)

## Rising River Engulfs Winnipeg Suburb; Over 12,000 Homeless

WINNIPEG, Man.—(P)—The steadily rising Red River today drove hundreds more Winnipeg residents from their homes, engulfing part of a residential suburb and threatening to sweep over other sections of the city.

With 200 square miles of Southern Manitoba already under water, the flood already was the "most catastrophic ever seen in Canada," said Vice-Admiral H. T. V. Grant, chief of Canada's naval staff. More than 12,000 persons

have been driven from their flooded homes.

Police sirens shrieked and loudspeakers blared through suburban streets as the city's army-bossed flood control headquarters ordered every family out of low-lying danger areas.

South of the city the area around the University of Manitoba was abandoned to the waters, which poured around the university buildings.

But risk to the business district was considered to be remote, despite reports of a new flood crest building up in rain-swollen Red River tributaries in northern Minnesota and North Dakota.

Downtown streets were free of water, except near the grain exchange. There Canadian National Railways tracks were covered and backed-up drainage sewers had flooded the exchange's basements.

Power installations were threatened. Part of the city already was without electricity. Communications companies, their wires jammed, reported some dislocation of circuits. The telephone company ruled only flood emergency long distance calls could be accepted.

Hospitals, overcrowded by the flood-forced emptying of at least four institutions, said they would take only emergency cases.

Winnipeg's men, women and even older children put their whole effort into a grim fight to bolster the threatened dikes. Thousands finished their regular work yesterday then reported to

the sodden barricades, piling up thousands of sandbags throughout a windy, rainy night.

The Royal Canadian Air Force flew in troops and supplies from many places. Prime Minister Louis St. Laurent in Ottawa declared Winnipeg a national emergency area. He said government funds for rehabilitation would be forthcoming.

## Police Desert In Soviet Zone

BERLIN—(P)—A flood of desertions appears to have hit the Russian zone "people's police."

In an effort to plug the leak the Russians have assigned a special roving squad to patrol East Berlin's borders nightly.

This information came from seven deserters who fled to west Berlin during the past week. All claimed they were being trained as infantry troops and feared they were being eased into a new war.

None would guess at the rate of desertion but all agreed it is high. Said one patrolman, Gerhard Froese:

"All of the men there would desert to the west if they got a chance. The discipline is like an army and even worse."

The deserters said that many of the police camps seethe with dissatisfaction. Froese said this was especially true of Berlin's Treptow camp, where he said the commissars had so much trouble that all the men were shipped out into the Soviet occupation zone recently and were replaced by units from Saxony.

## Collision Kills Nurse

ANN ARBOR — (P) — Evelyn Webb, 25, nurse at University Hospital here who formerly lived in Cheesaning was killed last night when her car collided with a truck on US-12. Her companion, Lonnie Griffin of Hamburg, Mich., was injured.

## Williams Welcomes CIO Backing; Plugs For Corporation Tax

GRAND RAPIDS, Mich.—(P)—Governor Williams, saying he "welcomes" CIO support, hit a few more lies here last night for his proposed corporation income tax.

He told the state CIO convention here that the Republican legislative majority which has blocked his proposal is willing to levy new consumer taxes—including increases in local property taxes.

The 1,000 delegates attending the meeting cheered him loudly as he asserted:

"Any man who says he represents the people of Michigan and disdains the support of the CIO is either a liar or a fool."

## Truman Poses As Hired Man Of The People

By JACK BELL

ABOARD TRUMAN TRAIN.—(P)—President Truman cast himself in the role today of a hired man reporting to his bosses—the people.

And he was on record as hoping they would listen to him personally to make their own interpretations and not depend on what he called "garbled" accounts of his proposals.

"What you read is something that is skimmed off the top, that will make a headline and sometimes it doesn't mean a thing," he told an estimated crowd of 1,500 at Pacific Junction, Iowa, yesterday.

## Trailed By Scout

Renewing his role as a folksy fellow who likes to talk to the people, Mr. Truman was paced across Wyoming on his whistle stopping tour today by an agent of the Republican National committee.

Victor A. Johnston, once a presidential campaign worker for former Gov. Harold E. Stassen of Minnesota, kept the Republicans abreast of the president's latest sayings. He dropped in on Truman's major meetings by chartered plane.

The president invited the Republicans' agent to buy a ticket and get aboard his 13 car train. Johnston didn't accept.

Possibly because of the attention the Republicans were paying him, Mr. Truman warmed up to his 1948 manner after keeping pretty close to the text of prepared notes at several brief stops.

In the Pacific Junction talk, he cut loose on those who he said were using "the same old scare words" to fight his "fair deal" program.

"I am making this trip so that I can find out just exactly how things are going and what it is you want your government to do," he told the crowd.

"I think it is proper and I think it is right that the president, who is your hired man, should come out once in a while and let you get a look at him and listen to what he has to say and find out if he is the same fellow who was out hunting votes two years ago."

## Legislature To Vote On Annual Sessions; House Approves Plan

LANSING—(P)—The house appeared ready today to pass a proposed constitutional amendment providing for annual regular sessions of the legislature.

The proposal advanced through debate last night with no opposition to the basic idea developing.

Stricken from the proposal, however, was a committee-attached amendment which would have required the legislature to adjourn in even-numbered years on the second Wednesday in April.

## Typhoon Skirts Guam; Little Damage Done

GUAM — (P)—Islanders and American service personnel returned to their quarters today in the wake of a typhoon which skirted Guam yesterday doing negligible damage.

The wind touched 60 knots in gusts but hovered near the 40 knot mark most of the time. The center of the storm passed 115 miles southwest of the island.

The typhoon, fourth of the year in these latitudes, headed toward Iwo Jima, famed World War II battlefield in the Western Pacific.

During the typhoon a 110-foot barge broke from its mooring and drifted out of the harbor. There was no one aboard.

## Cold War Too Hot To Slash Defense Funds

### Sinking Of Mystery Submarine Reported

WASHINGTON—(P)—House Republican leaders agreed today to try to cut \$996,000,000 from the \$29,000,000,000 omnibus appropriation bill.

The agreement was reached at a meeting of the GOP policy committee.

Rep. Taber of New York, leader of the Republican drive to whack approximately one billion dollars from the big measure, said the committee decided to push amendments to:

(1) Restrict federal agencies in filling job vacancies during the fiscal year starting July 1 and (2)—reduce sums tentatively approved for operation of the government.

### Military Not Touched

The Army, the Navy and the Air Force, he said, will be exempted from the proposed cuts.

Actually, the House was all set to add \$350,000,000—most of it for air power—to the bill for national defense spending.

A congressman's suggestion that a United States warship may have recently sunk "a strange submarine" was not expected to hurt the cause of House members insisting that the cold war is too warm to permit economies at the expense of national defense.

The assertion of Rep. Young (D-Ohio) about the submarine sinking actually created little stir in the House. Young said in a statement that the U. S. warship may have "engaged a strange submarine and sunk it with depth bombs."

### Navy Investigates

He said he didn't "dream this" and "I didn't get it out of my mind," but refused to elaborate further.

A navy spokesman who was asked about it said the navy has investigated all reports of foreign submarines in coastal waters and has yet to confirm there was any such sub in any case.

A big surprise was yesterday's action cutting \$1,800,000 from the \$632,620,000 recommended by the appropriations committee for rivers and harbors and flood control. The House thus completed action on that section of the bill.

## Hunt For Port Huron Missing 2-Year-Old Shifts To Wyandotte

PORT HURON, Mich.—(P)—The search for missing two-year-old Brian Marshall turned to Wyandotte, Mich., today.

Van Atkinson, bakery shop operator in the Detroit suburb, told police that a swarthy woman came into his shop Thursday with a boy answering blue-eyed, blond Brian's description.

When he asked the boy his name, Atkinson said the woman quickly told him, "He's visiting me from Port Huron."

## Greased Pig Loose In Princeton Movie

PRINCETON, N. J.—(P)—A greased pig got loose in a movie house during the show. The movie ground out, amid screams and shouts. Users tried to catch the pig, but finally gave up and called policemen, who caught it with a noose.

Police, preparing a pork barbecue, said they suspected Princeton University students of perpetrating the prank.

## New Muskegon Editor

MUSKEGON—(P)—C. D. McNamee, managing editor of the Chronicle since 1936, today was named editor to succeed Archie E. McCrea who died May 1.

## Threat Of Rail Strike Mounts

CHICAGO—(P)—Threat of a strike by railroad firemen against four of the nation's major carriers at 6 a. m. (local time) tomorrow appeared mounting today.

Representatives of the Brotherhood of Locomotive Firemen and Enginemen and the carriers appeared deadlocked. Federal mediators said, however, all efforts will be made "up to the last minute" to prevent a walkout.

The walkout against the Santa Fe, the southern and western divisions of the New York Central and Pennsylvania, originally was to have started April 26. However, it was deferred two weeks at the board's request to permit further talks.

The firemen's principal demand is for a second fireman on multiple unit diesel locomotives. The demand has been rejected by the carriers as well as by two presidential fact-finding boards.

## Car Salesman And Customer Slain In Philadelphia Holdup

PHILADELPHIA—(P)—An automobile salesman and his customer were shot to death by a holdup man last night on a west Philadelphia used car lot.

Alex Martin, 46, the salesman, and Daniel Neary, 50, died in Jersey Douglass hospital. Both had been shot in the abdomen.

Benjamin Dearman, who had accompanied Neary and his wife to the lot, was shot in the left hand.

The robber escaped in a high powered sedan, taking \$200 which Neary had brought with him to make payment on a car, police said.

Detective James Ryan said the holdup man was talking to Martin in the small office when the Dearman man approached. As Neary and Dearman entered the robber ordered all three men into an adjoining shed. Neary made a lunge for the man's gun and he opened fire.

Mrs. Neary, mother of four, witnessed the shooting from outside but escaped unhurt.

## Township Orders Fire Equipment

### Bark River Board Opens Bids Monday

Bids to provide new fire equipment for Bark River township were opened at a special meeting of the township board Monday afternoon, and orders were placed with the two low bidders, Johnson's Garage of Bark River and Peter Pirsch and sons.

The Bark River garage will furnish the township with an F-8 truck with closed cab and mounted red flasher equipment for \$3,300. Pirsch will furnish a 500 gallon water tank with a 3-stage centrifugal pump, 1200 feet of double-jacket treated hose, 400 feet of high pressure hose and other apparatus and equipment needed for the new fire unit. The Pirsch bid was \$7,674.

Omer Tanguay, township supervisor, presided at the session yesterday.

The new equipment will be delivered in July or August, and will provide Bark River township with the finest rural fire fighting equipment in Upper Michigan.

Twelve companies submitted bids to the Bark River township board. All 12 sent representatives to the meeting yesterday, to outline and discuss materials which could be supplied. John Bergman, son of E. J. Bergman of Bark River, who works for the Pirsch company, was among representatives at the session.

The township board advertised for bids for new fire equipment following a special election in the township April 17. At that time, 70 per cent of the Bark River voters favored a tax rate increase of three mills for not more than five years, to provide \$13,500 for new fire equipment.

## Spring Fire Hazards Cited

Spring is the season when conflagrations are most likely to occur, Fire Capt. Clarence Schrader warned today. He made his statement in support of the Spring Clean-Up campaign.

He explained that the warm sun dries roofs and unless a roof is covered with asphalt shingles or other fire-resistant material it can easily be set on fire by wind-blown sparks. In this way, fire can spread rapidly from one building to another, he said.

The Spring Clean-Up drive for removal of common fire hazards is sponsored nationally by the National Fire Protection association with the Escanaba fire department as local sponsor.

United States fire losses in the last ten years have amounted to \$4,835,549,520, according to annual loss estimates by the National Fire Protection association.

The NEPA is now sponsoring its annual campaign for greater fire safety. All property owners are being asked to remove fire hazards which have accumulated during the winter.

Trash which could serve as fuel for any stray spark is a major hazard of this sort. Old newspapers, magazines, broken boxes, discarded furniture and similar debris are listed as one of the leading causes of home fires.

### William C. Birk Firm Organized

HANCOCK, Mich.—The firm of William C. Birk, Inc., has been organized, with headquarters in Hancock, to act as manufacturer's agents for the sale of heavy equipment and maintenance supplies to industries, contractors, and municipalities throughout the Upper Peninsula.

Serving as vice-president of the new corporation is William C. Birk, formerly of Baraga. Now retired from direct sales work after 31 years as a manufacturer's agent, Mr. Birk, who is familiarly known as "Billy" to his host of friends among contractors and civic officials, will continue to maintain an interest in the affairs of the newly expanded enterprise.

George Westerberry of Iron River has been appointed sales representative of the concern.

## Obituary

**HERBERT NYGARD**  
Funeral services for Herbert Nygard will be held at the Anderson funeral chapel at 4 Thursday with Rev. L. R. Lund officiating and burial will be in Lakeview cemetery. Survivors include a brother, Albin Nygard of Soo Hill.

Jacob Coxey led his Coxey's Army of 20,000 unemployed persons in a march on Washington, April 4, 1894.

## Death Caused By Accident

### Inquest Is Held In Molinare Case

A coroner's jury Monday afternoon declared the death of Dr. Peter Molinare, Escanaba veterinarian, was the result of the accidental discharge of a weapon.

Dr. Molinare was killed in the basement of his home, 810 S. 13th street, Thursday morning, May 4. The inquest was conducted by Coroner J. K. Murphy with Prosecuting Attorney Clyde J. McGonagle questioning the witnesses.

Dr. Donald LeMire and Dr. Wm. LeMire, who were called to the Molinare home about nine a. m. Thursday, testified that Dr. Molinare died of a gunshot wound in his head. A rifle, 300 Savage, was lying near the body, the doctors said, but it was not possible to determine how the gun had been fired.

Alfred LaBranche, local undertaker, testified that there were no powder burns on the body and that the upper portion of the head had been destroyed by the shot.

Four members of the Escanaba police department testified at the inquest. They are Assistant Chief John Finn, who received the call from Dr. Wm. LeMire, and Officers Ray VanEnkevort, Ray Jensen and Joseph Corcoran, who investigated the case. The officers' testimony was substantially the same as that of the physicians.

### Careless With Firearms

Carl Juhl, who was employed by Dr. Molinare as an assistant at the veterinary office, testified that he had talked briefly with Dr. Molinare Thursday morning and that the doctor had told him that he would be at the office within a few moments.

Frank Molinare, of Kinsford, a brother of Dr. Peter Molinare, testified that he and his family had visited with Dr. and Mrs. Molinare the previous day, Wednesday. Frank Molinare said that some of Dr. Molinare's guns were lying on a bench in the basement and that Frank Molinare's son, Robert, and Peter Molinare's son, Peter Jr., were playing with a revolver in the basement. Frank Molinare testified that his brother had been extremely careless with firearms.

Mrs. Peter Molinare told the jury that she had taken her son to school that morning, returning about nine o'clock to find her husband dead of the gunshot wound in the basement of their house. She said that her husband had been in good spirits, and was preparing to return to his work after an absence of several days due to illness.

The jury inspected the Molinare home after hearing all of the

## Jacob F. Moersch, Life-Long Resident Of Escanaba, Dies

Jacob Francis Moersch, 75, life-long resident of Escanaba, died at 9:15 last night at his home following a long illness.

He was born in Escanaba December 16, 1874, and was a crane operator on the Reiss coal docks for 22 years. Later he worked for the Escanaba Paper Co. He retired in 1941. Mrs. Moersch died July 1, 1948.

Surviving are the following children: Mrs. Clyde Smith, Oildale, Calif.; William, Neenah, Wis.; Escanaba; Mrs. Hazel Deeg and Mrs. Melvin Holmes, Menasha; and Mrs. Edward LeClaire, Mrs. Edwin Kositzky and Frank Moersch, Escanaba.

Funeral services will be held at the Deenan funeral chapel at 2 p. m. Thursday and burial will be in Lakeview cemetery. Rev. James H. Bell will conduct the rites. Friends may call at the funeral home beginning at 2 Wednesday.

testimony at the inquest.

The jury verdict follows: "We, the undersigned members of the coroner's jury in the case of Dr. Peter Molinare, deceased, after careful deliberation do find the cause of death to be accidental discharge of a weapon."

The verdict was signed individually by members of the jury, as follows: Gerald Cleary, W. D. Ladouceur, Gust Anderson, Lawrence Pratt, Robert Pearson and Theodore Breitenbach. The inquest was held at the city hall council chambers.

## Drunk Driver Fined \$50 Here Today

John Olson, 53, of Lisle, Ill., entered a plea of guilty to a charge of drunk driving in justice court here today and was assessed fine and costs of \$58.25.

Olson was arrested by Escanaba police at 5 p. m. Monday in the 1200 block of Ludington street. His driver's license has been revoked.

## Hospital

A. J. Schmeltzer was dismissed today from St. Francis hospital where he has been receiving treatment, and is recuperating at his home, 1122 Tenth avenue south.

The condition of Mrs. Keith LeClaire, 1113 South 11th avenue, who was admitted to St. Francis hospital Friday for medical treatment, is reported improving. She expects to be dismissed within a few days.

Mr. and Mrs. Clifford Beaudin, Sr., 612 South 15th street, left today by ambulance for Rochester, Minn., where Mr. Beaudin will receive treatment.

## Oldest Confederate Veteran Dies At 108

HIGGINSVILLE, Mo. — (AP) — Uncle Johnny Graves, the nation's oldest Confederate veteran, died today. He was 108.

He was the last veteran in the Confederate home which once housed 32 of his fellow soldiers. He had the 92-acre place practically to himself. A few widows of veterans, however, still live there.

## Briefly Told

**Banquet**—Members of the Bark River Home Economics club will meet at 6 p. m., Wednesday at Tom Swift's for a banquet.

**Yacht Club Meets**—Regular meeting of the Yacht club will be held Wednesday night at 7:30 at the clubhouse.

**Lodge Meeting**—Regular meeting of Delta Chapter, No. 118, and work on Mark master Masonic degree will be held Thursday night at 7:30 at the Masonic temple.

**Elks Hold Initiation**—Escanaba lodge 354, B. P. O. Elks, will hold their last Spring initiation Wednesday night, with a class of seven candidates to be inducted. The ceremony will be conducted by N. T. Stephenson, past exalted ruler of the lodge, assisted by officers J. W. Ferguson, F. T. Rooney, Arthur Klug and esquire.

## All Star Cast In Final Play

"Fair And Warmer" Here On Sunday

A brilliant cast of talented professional players will be presented in the Civic Drama Guild play, "Fair and Warmer," at the Wm. W. Oliver auditorium here Sunday evening. The play is the third and final in the series sponsored by the Escanaba Lions club.

Playing the parts in "Fair and Warmer" are:

Robert Paquin (Billy) is playing his third season with the Civic Drama Guild. In 1946, he was seen in "The Philadelphia Story" and in 1947 in "Made in Heaven". In between, he has been busy with picture and television commitments in Hollywood. Mr. Paquin also has a fine tenor voice and has toured the country in Victor Herbert's "The Only Girl" and appeared last year on Broadway in "Annie Get Your Gun" with Ethel Merman.

Kathleen Claypool (Blanny) has also seen previous service with the Guild in their productions of "Therese" and "Made in Heaven". Previous to these engagements, she toured the country with the perennial "Tobacco Road" and during the past summer, played supporting roles at the famous Cape Theatre in Dennis, Mass., to such famous stars as Nancy Carroll, Grant Mitchell, John Carradine and Basil Rathbone. In private life, she is Mrs. Frederic Meyer.

Frederic Meyer (Jack) is another alumnus of the Guild, having played in its production of "Kiss and Tell". He was seen last season on Broadway in "Diamond Lil" with Mae West and also in "For Love or Money" with John Loder.

Irving Karesh (Philip Evans) has been with the Civic Drama Guild since its inception, five years ago, and has served as actor and Company Manager with six productions—"Dear Ruth", "Therese", "Blithe Spirit", "Made in Heaven" and last year, "John Loves Mary". Prior to becoming a Guild mainstay, he appeared in stock at Martha's Vineyard, Mass., and Berwyn, Pa. Mr. Karesh is a native of Charleston, S. C., and received his early training at the historic Dock Street Theatre.

Patricia Donovan (Laura) is a graduate of the Leland Powers School of the Theatre in Boston, Mass. Subsequently, she fulfilled engagements with the Tributary Renetoir Company of Boston and the Cambridge Summer Theatre. For the past several seasons, she has toured the Veterans' hospital circuits in the U.S.O. Camp Shows' production of "Turn To The Right".

Dara Gavin (Tessie) is a graduate of the American Academy of Dramatic Arts and is fulfilling her first professional engagement in this production.

## Rivers Flooding Rapid River Fields

RAPID RIVER—Rivers in the district are higher than they have been in years and three have overflowed their banks. The Rapid River north of the school building is out in a number of fields and is almost up to nearby homes. Sunday the water was running over the road at the John Grandchamp corner, and the road into the Angus Pineau home is impassable from the old road to the Rapid River bridge. The Whitefish also has overflowed into fields and has flooded land adjacent to the Ed Johnson home.

## Luecke Cites Danger To Free Arbitration

Good labor-management relations is important to labor, to industry, and to the people of the nation, John Luecke, conciliator for the U. S. Department of Labor, told the Escanaba Rotary club at its meeting Monday noon in the Delta hotel.

Luecke's appearance was by invitation of the club and was the second in a series of discussions

## City Schools Given 7 Mills

8 Mills Allocated To Delta County

Final tax rates for Escanaba and Gladstone city schools and for the county were allocated last night by the county tax allocation commission under the 15-mill tax limitation law.

The rates are unchanged from last year. The city schools will receive 7 of the 15 mill total, and the county will get 8 mills.

A movement endorsed by the Delta county board of supervisors to have 2 mills taken from the schools and allocated to the county road commission failed following a hearing before the tax allocation commission a week ago. At that time the schools, both city and county, made a strong plea for continued local tax assistance.

Tentative tax millage rates were established last night by the allocation board for the townships and county school districts. Hearing on the tentative rates will be held at 7:30 p. m. Monday, May 15, in the court house at Escanaba.

The tentative rate for the millage rates for county school districts is 7 mills, excepting Wells fractional, and Bark River, which were allocated 6 mills. The only township to receive a millage rate was Bark River, allocated 1 mill. Bark River and Harris townships (the latter in Menominee county) are combined for school district purposes. The Delta allocation coincides with that established for Harris in Menominee county.

No allocation was given other townships because their budgets indicate they are not in need of local tax assistance.

About 2,400,000 boys and girls reach legal driving age every year. The fleet of Columbus was worth only \$3000.

## 'Pat' Farrell To Receive U. S. Navy Officer Training

John Patrick Farrell, son of Mr. and Mrs. L. L. Farrell, of 905 Lake Shore drive, Escanaba, was named by the Bureau of Naval Personnel as one of the 1,800 successful candidates for the Naval Reserve Officer Training Corps, it was announced today.

This group was selected from 25,000 high school seniors or graduates who applied for the program last fall. Applicants participated in the Naval college aptitude test last December and some 7,400 were certified. Those physically qualified were considered by a selection committee of the state or territory of the applicant's legal residence.

State quotas were apportioned on a percentage basis of male high school graduates in each state during 1948.

In addition to the 1,800 civilians, 200 candidates were selected from the Fleet for the NROTC program.

## William Roman Is Hurt In Accident

William Roman of 317 North 19th street, employed by the Austin company, contractor in the construction of the Harnischfeger plant expansion, was injured at 11 a. m. today while unloading structural steel from a railroad car.

His left leg was injured and he was taken to St. Francis hospital for examination and treatment.

A steel roof beam being unloaded fell over and pinned him down. The beam weighed two and one-half tons.

for freedom, "free collective bargaining is our first line of defense."

To labor, to management, to the nation and the preservation of its form of government against any aggressor, good labor-management relations is of first importance, he concluded.

At the business session of the Rotary Club L. C. Harrison, U. S. Forest Service supervisor, was inducted into membership.

## Concert Series Arranged Here

Three Numbers Set For Community

The Escanaba Community Concert association today announced that three concerts will be presented next season here following the membership campaign conducted last week.

In October the Concert association will present Samuel Sorin and James De La Fuente, piano-violin duo, noted for their brilliant concert successes in many American cities.

Mary Van Kirk, popular contralto of the "Voice of Firestone," will appear in February.

William Schatzkammer, pianist noted for his concert work and his RCA Victor recordings, will be presented here in March.

Following last week's Community Concert association membership drive the artist's committee selected the concerts for the coming season. The artists booked are considered outstanding in reputa-

## Editorials—

### Zoning Amendment Offers Threat To Existing Gasoline Stations

If owners of any of the existing gasoline stations on Ludington street believe the proposed zoning amendment designed to prohibit construction of any additional stations would help them by preventing more competition, they may be less inclined to support the proposal if they studied the city's zoning ordinance at greater length.

They would find, for instance, that although the ordinance permits existing non-conforming structures to remain, permis-

### Contested School Election Desirable

LAST year Escanaba had a contested school election for the first time in years, with a result that the number of voters who cast ballots in the school election was the largest in many years.

The increased interest in school affairs that results from a contested election is good for the schools. It is also good for the community. Only one seat on the board of education will be filled in the school election next month. The incumbent, Charles E. Lewis, has indicated that he will not be a candidate for reelection.

As a result of a law enacted by the state legislature a year ago, the school district is permitted to add to its own school registration lists the names of all qualified electors on the city election rolls. This act nullifies the necessity for qualified city electors to register separately for the school election.

It will be an indication of strong interest in local schools if a contested election develops this year in the school district. The community should not permit a return to the unhappy situation that was evidenced prior to a year ago when only a very small number of voters, sometimes only a dozen or more, voted in the school elections.

The schools are in many ways the most important governmental function in the community.

### Defense Costs Are Up Over Prewar Days

If you ever get to thinking that we're putting out too much money for defense, it might be well to take a look at what's happened to the cost of things our military men must buy.

For example, back in the good old pre-war days the average military plane bought by the government cost \$280,000. Today it comes to \$975,000.

The figures on planes are more startling when broken down. A wartime fighter cost \$100,000, while a jet-powered craft to replace it will cost at least \$150,000, maybe twice that. The original B-29's cost \$2,000,000 each. Put a B-36 or a jet B-47 in its place today and the bill may hit \$4,000,000.

A dozen B-36's flying over town on some ceremonial occasion mean \$48,000,000, not counting operating costs.

This kind of expense isn't confined to the spectacular items. A jeep cost us around \$1,000 during the war; now it's \$2,700. The bazooka, useful anti-tank weapon, could be had in wartime for \$36 but its current price is \$122. Trucks cost double what they did five years ago. So do tanks. Even military uniforms have more than tripled in cost.

It isn't quite fair to assume from all this that we're getting only about half as much defense for the same amount of money as we could get during the war; for some of the added cost clearly means added quality. We're turning out bigger and better weapons because we must keep pace with technical advances in warfare.

Still, we can't escape the fact that much of the extra burden simply reflects higher labor and material costs. A defense dollar just isn't worth what it once was.

The saddest part of this story is that much of our existing military equipment consists of wartime leftovers that must soon be replaced at present soaring costs. Some estimates suggest this replacement bill might add \$5,000,000,000 to our defense budget next year.

If we intend to maintain the military establishment at a level of minimum safety, we can't avoid paying the cost of keeping our arms up to date. The longer we put off replacing outmoded equipment, the riskier and more expensive is this chore likely to become.

The colossal load a big defense establishment imposes upon the country today is a powerful argument for preventing the cold war from getting hot. The last conflict cost the U. S. \$350,000,000,000. At existing costs, another one would take at least a trillion dollars to finance.

A scientist says the day is coming when the world will be toothless. Perhaps he has been studying law.

## Your Very Own

By Gordon Martin

You can create lots of wondrous things in many kinds of ways, taking pride in your achievements when they win deserving praise. You can manufacture marvels with your scientific brain, you can build yourself a building with your hammer, saw and plane. You can paint a pretty picture, you can carve a name in stone, and no matter what you may produce, it's all your very own.

Big or little, slick or simple, it's what you yourself have made, and its quality determines if your efforts are repaid. Whether what you've done is made of wood, or cloth, or steel or clay, or if figures, words, or music, or of paper bright and gay, it was planned and engineered by you, who fashioned it alone—be it failure or a big success, it's all your very own.

There's a heap of satisfaction when you know you've done your best, and you view your finished product and you put it to the test. And although the thing that you have made may never earn you fame, any workmanlike creation compensates you just the same. If you give to it the best you've got, you'll always want it known, that you're proud to be its maker and it's all your very own.

MARTIN

## Merry-Go-Round

By DREW PEARSON

WASHINGTON — It is now possible to give the complete facts in the Russian attack on the American navy plane over the Baltic—an incident which literally made the capitals of Europe hold their breath.

Most of the facts are now known to the Russians, so the American public should be entitled to know what the Russians know. In fact, the Russians knew of the plane's departure and the nature of its mission even before it left Port Lyautey in Morocco, North Africa. They also knew that the plane was equipped with high-powered radar and electronics equipment capable of watching Russian amphibian maneuvers and the flight of Russian rockets over the Russians' most secret rocket-testing ground—the Baltic.

Just how they knew this is not known. But it might have been from the list of navy personnel posted on the bulletin board at Port Lyautey before the plane took off. The bulletin board was posted in a public place, and the navy made the mistake of giving the ratings of all 10 members of the plane's crew. This showed they were specialists in electronics, and could have tipped off the Russians that the plane was on a radar mission.

The Russians have had uninvited observers at our naval maneuvers, but usually in fishing boats or submarines. However, it is much easier to chart rocket flights from an airplane, which was why the navy plane was used.

### BRITISH WATCHED INCIDENT

This particular plane flew from Morocco to Wiesbaden, Germany, stopped for fuel, then proceeded to the Baltic, and was about 30 miles off the Latvian coast headed toward the secret Russian naval base at Libau when four Russian fighter planes came into sight.

What happened from this point on can be told with almost complete accuracy, because the entire incident was witnessed by the British through a radar screen.

The four Russian fighters, obviously lying in wait for the navy plane, ordered it to land. However, the American crew had strict orders not to let their highly classified electronics equipment get into foreign hands, so they put out to sea.

The British radar observation showed the Privateer swerved sharply, with the Russian fighters in hot pursuit. The plane was shot down almost immediately.

The fact that British radar witnessed the incident was why the state department was so positive in replying to the Russian note. The United States was also quick to identify the four Russian pilots who received the Order of the Red Banner as the pilots responsible for shooting our plane down. British radar was the reason.

What surprised U. S. officials at first was that the Russians announced the event to the world in a note of protest. Reason for the publicity, U. S. officials now conclude, is that the Russians knew the plane had been observing Russian rocket maneuvers and determined to put the United States on the spot.

Since the incident occurred, the recovered life rafts and submerged wheel have confirmed the British radar's estimate that the plane was definitely 30 miles off the Latvian coast. Examination of the rafts shows that the plane hit the water with an impact. The holes in one raft, however, are not bullet holes, so the crew, if they got into the rafts, were not fired on.

Speculation still continues as to whether the crew could have been picked up by the Russians later. Latvian fishermen reported seeing a Soviet destroyer and several patrol boats rush out from Fort Libau in the direction of the crash. The navy has found several contradictions to this report, however, and doesn't rely on it.

Note—Chief conclusion to be drawn from the Baltic and with Russian demonstrations being deliberately incited in Berlin, anything can happen.

Folks do a lot of kicking about tax bills despite the fact that they're always on the up and up!

Thieves stole manhole covers in a Texas town. Must have been those tough guys who use 'em to play tiddy-winks.

## Take My Word For It . . . Frank Colby

### HANDBOOK OF PRACTICAL ENGLISH (Scrapbook Item)

Q. My English class would enjoy and profit by a discussions of redundancies. Will you give us one in your usual sane and lively fashion?

A. My assistant, Dr. Etaoin Shdlru (formerly professor of Languages at Hubba Huoba U.), defines redundancy as, "Harumph! Pleonastic verbosity, otherwise bearing the appellation of tautology, harumph, as distinguished from periphrasis per se on the one hand and prolixity on the other."

Now this brilliant Shrdluvian circumlocution, which is so typical of the medieval-minded pedants who write English textbooks, simply means that redundancy is the using of more words than are necessary to express an idea. . . "too muchness" is a good way to put it.

Redundant: "He wrote an autobiography of his own life." Since autobiography means "the story of one's life written by oneself," it is sufficient to say: He wrote an autobiography.

Redundant: "He asked whether any eyewitnesses had seen the accident with their own eyes. They couldn't be eyewitnesses if they had not seen the accident occur. Therefore: He asked whether anyone had witnessed (or seen) the accident."

Redundant and ungrammatical: "Let's us don't quarrel about it." Since "let's is short for "let us," the sentence is nonsensical, thus: "Let us us do not. . ." Correct: Let us not quarrel about it.

Two Arkansas men, aged 71 and 65, fought a duel with walking sticks. They're pretty old to be raising Cain.

Gallantry is disappearing. A winter muffle has an electric hand warmer inside.

## Serenading the Neighbors

## Public Opinion In Sweden Seems To Indicate Lesser Neutrality

By G. HOWARD SMITH

Special Correspondent

The Christian Science Monitor

STOCKHOLM—Speculation that Sweden may be straying from its path of neutrality has arisen from the fact that Osten Unden joined the foreign ministers of the other 17 Economic Cooperation Administration countries in a congratulatory telegram to the United States on the anniversary of the signing of the Atlantic Pact.

But does this really signify a change in Swedish foreign policy? Hardly.

In the first place, the Swedes could not, with any show of decency, set themselves apart from the other ECA beneficiaries on such an occasion. Also, the Swedes well know that the only thing that makes neutrality in any way possible are such treaties as the Atlantic Pact itself.

### Balance of Power

Even a most determined supporter of the present isolationist line, such as the Stockholm newspaper Tidningen, makes this disarming admission: "The importance of the Atlantic Pact lies in organized collaboration between the western powers, which creates the necessary balance of power in the world. Only in the shelter of such a balance can a country like Sweden try to be 'neutral.'"

Being an opposition newspaper, Tidningen can perhaps afford to be generous. Such frank admissions are not observable in the socialist press, it seems. It must be remembered that the Swedish Government still has a full parliamentary majority in the Riksdag. This is the same government that said "no" to a Scandinavian defense pact a year ago—when it became clear that the Norwegians would insist on hooking up such a pact with the bigger Atlantic project.

### Defense Pact Wavers

The times when the Swedish Foreign Office is interested in the representatives of the foreign press here are when it wants to spread a formal denial of any unilateral moves. Most dangerous, it seems, is the possibility that the Swedes might be discussing defense coordination with the other Scandinavian governments.

There also is a government party bill before the Riksdag, which in effect amounts to a move to abolish the post of commander in chief. The socialist deputy who introduced it said doubt had been aroused as to the suitability of an authority, not constitutionally responsible, such as the commander in chief, making statements in matters of foreign policy which are regarded as departures from the government line.

The deputy made special reference to the stir caused by Gen. Helge Jung's address to the students at Lund University last November, in which the commander in chief plainly outlined the military facts of Sweden's situation.

### Defection Evident

These facts admittedly did not help make the official neutrality line look tenable—though in itself the address was as impeccably correct as the statement, on the same subject given to this newspaper a few weeks previously. Not being delivered primarily to a foreign audience, however, it was more blunt. But even the statement to "The Christian Science Monitor" caused shudders in the isolationist camp. What then is happening?

Signs of public defection from the neutrality line were evident even last fall.

Lately, though, the cracks in

the structure of public opinion, on which neutrality has rested, have widened—and spread from the basement right up through the superstructure.

This does not mean that there is a big body of opinion wanting to rush into the Atlantic Pact grouping. But the realization is growing that there can be no safety without a better coordination of Sweden's defenses with those of the other Scandinavian countries.

### Military Talks Asked

Sweden's socialist government says this is impossible. Because Norway and Denmark are Atlantic Pact nations, military discussions are taboo—intra-Scandinavian cooperation can be pushed in any other field, but not the military, they say.

Now, however, the leaders of both nonsocialist opposition parties are demanding military talks with Norway and Denmark. They evidently feel public opinion now has become sufficiently impressed with the arguments the Swedish military have been putting forward for a long time, to make such a demand worthwhile politically.

Both Jarl Hjalmarson of the Conservatives and Prof. Bertil Ohlin of the Liberals seem to have their parties with them. "I ought not their parties' press. At first when Mr. Hjalmarson, as Conservative Party leader, demanded the military talks in the Riksdag last January, the tough isolationist press refused to take him seriously. At least, they pretended not to— they must have known what was going on inside the Conservative Party, since it was obvious enough.

### Parties Mean Business

When Mr. Hjalmarson repeated the demand in a recent foreign-policy debate, Social Democratic Prime Minister Tage Erlander tried to make out that he had changed his standpoint. Mr. Hjalmarson has made it quite clear since,

however, that he and his party mean business.

"We regard coordination as inevitable," he said at a political meeting in the provinces. Referring to discussion as to whether coordination should be all out, conditional, or merely "technical," Mr. Hjalmarson said:

"Don't let us get tied up in this. The important thing is that we make all the necessary arrangements for coordinated defense for the most probable eventuality—an attack on all three Scandinavian countries simultaneously."

"It is evident that this defense planning cannot come about unless Sweden takes the initiative. We should not delay to do so." Concluding, Mr. Hjalmarson said, "There is no foundation for the assertion that by seeking a strategically logical solution of its own and its neighbors' defense problems, Sweden would be exposing itself unnecessarily to risk of war."

### Back Army Contentious

Neither the Conservative nor the Liberal (People's) Party leader is proposing that Sweden abandon neutrality—the coordinative machinery would only function in case of attack on the Scandinavian area. What they are doing, though, is backing up the military men in their contention that the Scandinavian (Norway and Sweden) is easily defended as a unit, but hopelessly weak if rent down the middle all along its length.

That the military would prefer all-out joining the Atlantic Pact is no secret—not even to the Russians, who assiduously document every unneutral thought expressed in Sweden. Political leaders must stick to political possibilities, however.

Comment in the Liberal organ Aftonbladet suggests that Swedish opinion is swinging so definitely now that the isolationists are about ready to throw in the sponge.

### No Evil Intent

Dear Editor:

On behalf of our own Escanaba Cub Pack, I would like to publicly apologize to the Manistiquie Den Mothers for the boozing which occurred at the recent Scout Circus held in Escanaba. Because of the darkness in the gymnasium at the time that the Manistiquie Cubs left the room, it was difficult to determine exactly from where the boozing came. However, I do not believe it came from the Boy Scouts, but rather from a group of Cubs near the exit. As a matter of fact I believe it was our own Cub Pack that did the boozing, and you can rest assured that we are attempting to correct this situation.

I do not believe that boys this young have any evil intent in a demonstration of this sort. Nevertheless it must certainly be discouraged, as it is a mark of poor sportsmanship. The Manistiquie Cub Pack and its sponsors should be congratulated on the excellence of their performance and

Signed,  
An Escanaba Pack Chairman,  
N. L. Lindquist, M. D.

### Thoughts

The body of all true religion consists, to be sure, in obedience to the will of the Sovereign of the world, in a confidence in His declarations, and in imitation of His perfections.—Burke.

The fact is that sin is the most unmanly thing in God's world. You never were made for sin and selfishness. You were made for love and obedience.—J. G. Holland.

There is no further doubt of the Soviet intention to force Japanese prisoners of war to accept Communist ideology as a condition determining their selection for repatriation.—William J. Sebald, chairman of Allied Council for Japan.

## Good Evening . . .

By CLINT DUNATHAN

EVERYBODY WELCOME—Out in Escanaba township Sunday evening the folks gathered at the town hall for a program of moving pictures. There is nothing unusual about this—except that the movie shows are part of a community recreation program sponsored by the township board.

William Beauchamp, the township clerk, operates the projector for the movie show "family nights," attended by as many as 300 persons.

The cost of the films is small and there is no admission charge. This coming summer it is hoped to show the movies out of doors. What type of film does the audience like? Mostly westerns, such as last Sunday night's "Trail Riders", with short subjects—the same as folks in town.

TOUGH LUCK — The big wind early Saturday morning that destroyed the Frank Moraski garage at Schaffer was not the first stroke of bad luck that Moraski suffered.

Seven years ago when a blow torch was being used on a truck repair job, some brake fluid ignited and started a fire that destroyed Moraski's frame garage. The garage was rebuilt of fireproof concrete and steel. Saturday morning the gale ripped off the roof and collapsed the walls.

RECOGNITION — Recently retired as medical superintendent at Newberry state hospital, where he served for 44 years, Dr. E. H. Campbell has seen the old-fashioned "insane asylum" give way to the modern hospital for the treatment of the mentally ill.

"Insanity is definitely not hereditary," says Dr. Campbell.

Therefore mental illness is not a stigma of which the patient and his family need feel ashamed. Nor is mental illness incurable.

"Just how to get this knowledge across to the public is a problem," says Dr. Campbell, who feels that public thinking about mental cases has not kept pace with the care of the patients.

Michigan citizens were told by the doctor that a "fairly good job" has been done in the state mental hospitals, and with more money a better job could be done.

Dr. Campbell has devoted a lifetime to the service of the state in aiding the mental patients. Raised a farm boy near Kalamazoo, he entered University of Michigan and graduated a doctor from the medical school at the age of 22. He has been with the state hospital service for 50 years—all but six in the hospital at Newberry.

Yet after all those years his feeling is one of helpful compassion for the patient, and recognition that until the public understands and accepts the need to cure as well as confine the patient, the program cannot be fully successful.

BLOOD DONORS — Clifford "Cliff" Beaudin, one of Escanaba's most ardent sports fans and a Daily Press linotype operator, has been ill at St. Francis hospital. To build him up for a projected trip to Rochester, blood donors were called for.

Some difficulty was encountered in finding donors with the right type—among those who were suitable were Cliff Beaudin, Jr., James Ward, Jr., Duncan Cameron, and Staff Sergeant Roma Grebe, the latter a young lady who is WAC-WAF recruiter at Escanaba.

DAYLIGHT RUN — Over at Garth Shores Sunday afternoon the smelt were running up Schaeve Creek in broad daylight. The Einar C. Olsons have a cottage at Garth and their youngest son, David, was dipping them—and tossing the smaller ones back in!

Incidentally, the high wind on Saturday raised levels at the head of Little Bay de Noc and trapped many carp and pike in the shallows when the water receded.

## Into The Past

### 10 YEARS AGO

Washington—Michael J. Quill, president of the Transport Workers Union, was forcibly ejected from the Dies committee hearing rooms today when he accused the committee of seeking to involve the country in war.

Lansing—The second largest haul in 10 years was attained by Michigan beaver trappers this season. The conservation department reports 7,230 beaver were taken, with the total of furs valued at \$150,000.

Escanaba—Robert Moll of 327 South Fifth street is one of 51 students at Northwestern university who have successfully passed final examinations in the Civil Aeronautics authority ground school. On completion of flight instruction, he will receive his pilot's license.

Bark River—Henry W. Boyle, Bark River postmaster, has left for Grand Rapids to attend the Michigan state convention of postmasters.

### 20 YEARS AGO

New York—Nine more bronze busts of illustrious Americans were added to the hall of fame of New York university today, filling all of the hall's 65 pedestals. Those added were of James Fenimore Cooper, the romantic author; James Russell Lowell, the poet; Elias Howe, inventor of the sewing machine; George Bancroft, historian and founder of the Annapolis Naval academy; Joseph Storey, one-time associate justice of the supreme court; John Motley, historian; Patrick Henry, brilliant Virginia orator; John Quincy Adams, sixth U. S. president; and Horace Mann, educator.

Escanaba—Attorney Rice of the Anti-Saloon League of Michigan and Rev. C. C. Wilkins, newly appointed superintendent of the U. P. district organization, have left for Ironwood after spending two days here in the interests of the Anti-Saloon League.

Gladstone—The annual school election in Gladstone will be held July 14, at which time two members will be elected. The terms of Mrs. John Murdock and W. Arthur Swenson are expiring.

## Lewis Controls Benefit Fund

### Great Power Held By UMW Leader

By MARQUIS CHILDS

WASHINGTON — Power corrupts and absolute power corrupts absolutely.—Lord Acton.

A great deal of comment has come out of a brief news story telling how Joe Dickson, a young coal miner, called John L. Lewis a dictator and was then promptly suspended from the union. Under suspension, he was prevented from working for several months. He apologized, and now presumably he is digging coal again.

This is the logical end of a dictatorial power such as has seldom been seen in this country. It is a phenomenon the rest of organized labor cannot ignore. But the actuality of the control is more remarkable than any symptom, however startling.

Control of the trust fund, based on a levy of 30 cents a ton for each ton of coal mined, gives Lewis a new and even greater power than he had before. Last year, at 20 cents a ton, about \$90,000,000 came into the fund as income. This year at 30 cents—the result of Lewis' victory in the coal strike—the income will be over a hundred million and perhaps as high as \$120,000,000.

#### No Check On Lewis

It is difficult to get information out of the United Mine Workers' headquarters here. But so far as I have been able to find out, there are no checks whatsoever on Lewis' use of this fund. A quarterly audit by a certified public accountant is provided, but this presumably covers bookkeeping practices initiated by the trustees who administer the fund.

The contract between the coal operators and the union provides that the benefit fund is to be administered by three trustees, one the head of the union, the other nominated by the operators and the third a "neutral" trustee. Until April 5, when he resigned, the "neutral" trustee was Senator Styles Bridges of New Hampshire. Until last September, when the fact was uncovered by a Congressional committee, Bridges was paid a salary at the rate of \$35,000 a year in this office.

He has been succeeded by Miss Josephine Roche, who was "director" of the fund and now holds that office as well as being "neutral" trustee. Miss Roche has been a friend of Lewis' for many years—ever since she signed a union contract covering the Rocky Mountain Fuel Co., of which she inherited minority control. This was the first union contract signed in the Colorado area.

The trustee representing the coal owners is Charles A. Owen, director of the Pennsylvania Operators Association. But his role would seem to be largely decorative, since he can be outvoted by Lewis and Miss Roche on whatever policies they may decide.

The other day the union put out a so-called press release telling how "officers of the United Mine Workers of America Welfare and Retirement Fund" were meeting with "representatives of United Mine Workers of America." The release said that "administrative procedures have not yet been approved." It also denied that there had been any consideration given to "increasing pension allotments above the previously fixed \$100 per month."

#### A Dangerous Power

So far as can be determined, Lewis and Miss Roche will be the judges of how large the pensions are to be. They will also, insofar as can be determined, decide who will and who will not get pensions and benefits. An individual could be excluded if the two trustees did not happen to like the color of his eyes or the color of his politics.

This is a far-reaching and dangerous power. To function with ordinary justice, such a system should be subject to the check of individuals whose only interest is to see that it is fairly administered.

Lewis has in the past dispensed union funds with an absolute authority such as few heads of corporations exercise. A decade ago he created a wholly owned subsidiary of the UMW known as Lew-Mur-Ken, Inc. Through this subsidiary he made investments in several private coal companies.

### Two School Board Members Will Be Elected June 12

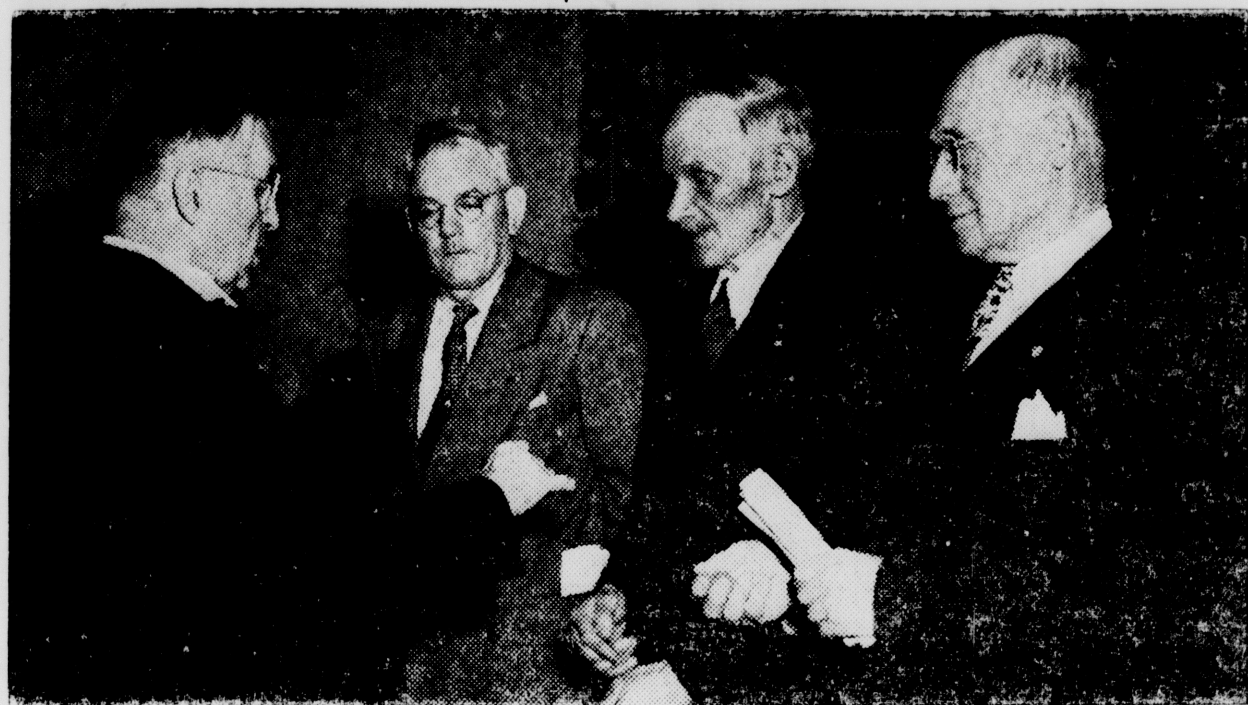

Registered school electors of the Ford River township will go to the polls Monday, June 12, to elect two members to the Ford River township school board. The terms are for three years.

Nominating petitions must be filed with the school board secretary, Mrs. Chester Peak, on or before May 13. Prospective candidates may obtain the petition blanks at the home of the secretary.

The two trustees whose terms expire this spring are Ralph Peterson and John Flath.

## Births

Mr. and Mrs. Vernon Whitney 1616 First avenue south, are the parents of a daughter born at St. Francis hospital May 7. The baby weighed eight pounds and eleven ounces. There are two other children in the family.

**HONOR I. O. O. F. MEMBERS**—Five members of Impellant Lodge 460 of the I. O. O. F. were honored here last Saturday with veterans pins marking their many years of membership in the lodge. The pins were conferred at a joint meeting of the I. O. O. F. and Phoebe Rebekah Lodge No. 179. Those honored were Herbert

Sundelius, John Beck, and Fred Johansen, left to right in the picture, and Rudolph Lindstrom and Carl Swenson, who were absent when the picture was taken. Henry Hathaway made the presentations, and Rev. Clifford Peterson of Gladstone was the principal speaker. (Escanaba Press Photo)

## Personals

Mrs. Percy Lux of Milwaukee is visiting here with her sister, Mrs. Joseph Temmer, Ford River Road. She was accompanied to Escanaba by her niece, Mrs. Harry Johnson of Fort Atkinson, who also is visiting her aunt, Mrs. Steve Pelletier who is a patient at St. Francis hospital. Mr. and Mrs. Temmer, Mrs. Lux and Mrs. Johnson spent Sunday in Norway with Mrs. Henry Edeling and family.

Mrs. Ludwig Brandso, 1004 Tenth avenue south, has returned from a vacation in Los Angeles where she visited with her sister Mrs. H. B. Hanson. She was accompanied on trip by her son-in-law and daughter, Mr. and Mrs. Ed McLaughlin who returned to their home in Minneapolis today. Mrs. McLaughlin is the former Catherine Brandso.

Mr. and Mrs. Joseph Patrick, daughters Marlene and Mary, and son, Donald, have returned to their home in Green Bay after visiting at the home of Mr. and Mrs. Frank Shomin, 1515 Stephenson avenue.

Sister M. Cecelia, Mother Superior of St. Francis hospital, has gone to Peoria, Ill., where she

will enter retreat at the mother house of the order, St. Francis hospital, and later will repeat her vows at an observance there of her golden jubilee. She was accompanied to Peoria by Sister M. Stanislaus and Sister M. Fredricka.

Mrs. Irving Houle has left for Chicago to spend a week with her mother, Mrs. Bertha LaChapelle, who submitted to surgery Saturday at Augustana hospital.

Mr. and Mrs. H. J. Huckenpahler have returned from a three-week motor trip to Oxford, Miss. and New Orleans. While in Oxford the Huckenpahlers visited with Mr. and Mrs. Bernard Huckenpahler, brother and sister-in-law of the Escanaban. In New Orleans they attended the spring festival.

Dr. E. H. Harrington of Charlotte, Mich., returned today to his home following a weekend visit here with Dr. and Mrs. K. F. Harrington, his brother and sister-in-law.

John Dazelle of 219 South 10th street has left for Bellingham, Wash., to spend two weeks with his mother and other relatives.

Mrs. Walter Richer, Mrs. Henry Nerbon, Miss Louise Roberge and Miss Joan Martin have returned from Milwaukee where they spent

the past weekend. Mrs. Richer visited with her daughter, Ethel Mae, a student at Marquette university and Mrs. Nerbon visited her sisters, Mrs. Earl Armstrong and Miss Clara Carrier.

Mrs. Clarence Goodwin left today to return to Oklahoma City, Okla., following a visit here with her brother and sister-in-law, Mr. and Mrs. Cordie Kincaid, and other relatives.

Mrs. Bernice Stapley, who has been visiting her parents, Mr. and Mrs. Louis Caron, 1209 North 21st street, left this morning to return to Chicago. She spent three weeks in Escanaba.

James Gleed, student of Stanford university, who has been visiting here with Harry Markham, left today for Milwaukee where he expects to be employed. He plans to return to Escanaba later this summer.

Robert Young, who has visited his daughter, Mrs. Charles Byrns, 301 South 11th street, left today to return to Sturgeon Bay, Wis.

Mrs. Werner Trimborn of Wauwatosa, Wis., who has been visiting her daughter, Mrs. E. M. Reynolds, 309 South Seventh street, returned to her home today. She spent a week here.

## A THOUGHTFUL GIFT FOR MOTHER'S DAY

Not Just One or Two... But a Sensational Offer of  
**A Whole Roomful of Lamps!**  
At Such a Fabulous Low Price You'll Hardly Believe

- Beautiful 6-Way Floor Lamp with **Lite-Control Switch** & Plastic Shade
- 3-Way Swing Arm Bridge Lamp With Washable Plastic Shade
- Two Lovely China Base Table Lamps **WHITE METAL MOUNTING**

*All Yours for only*

**\$29.13**

FOR THE 4 LAMPS

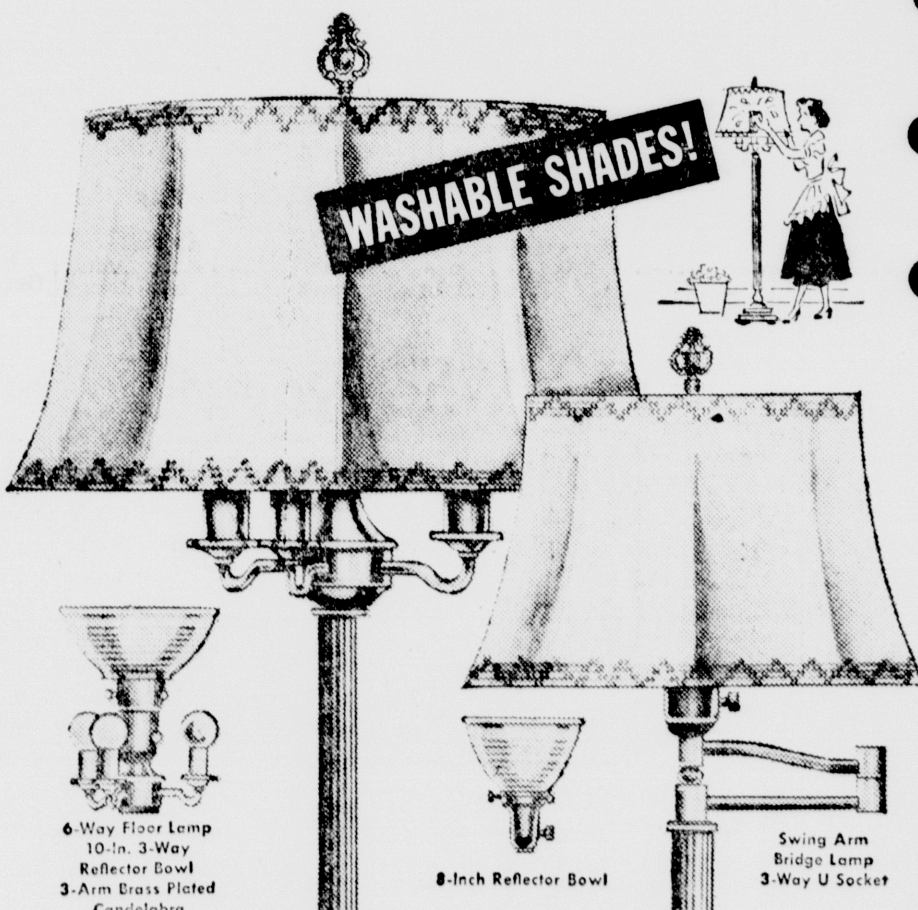

REGULAR 39.95 VALUE

**TRIPLE-PLATED FLOOR LAMPS**

**ONLY \$1.00 DOWN DELIVERS! \$1.00 WEEKLY**

Meeting your lamp needs at one sensational low price! AND WHAT BEAUTIES! Flood your room with light, or turn low for restful, soft glow when in quiet conversation. Dignified floor lamp has three-way, 10-inch reflector plus 3-arm brass plated candleabra. Matching bridge lamp is swing arm style to permit directing light to best advantage.

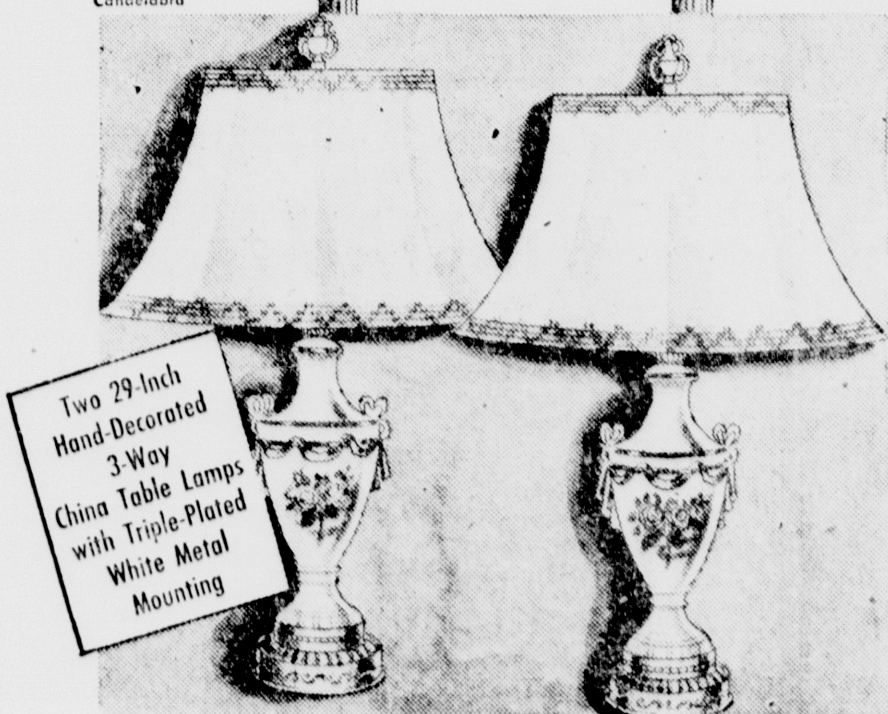

has 8-inch reflector bowl, 3-way U-socket. Heavily weighted bases, reeded standards with white satin finish—and gold finished bottom mounts—and washable plastic shades that resemble fine silk braid trimmed. Plus two table lamps with highly fired, decorated bases placed on gold mounts. Three U-light sockets. Stitched plastic shades.

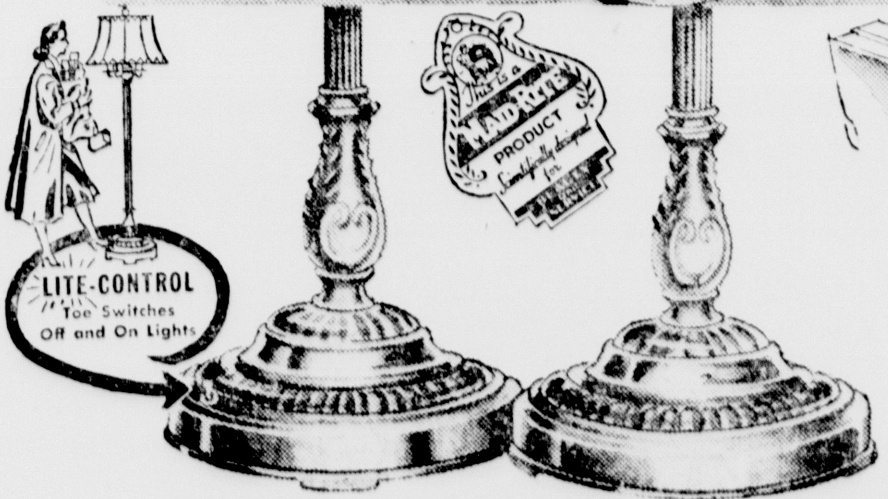

6-Way Floor Lamp 10-in. 3-Way Reflector Bowl 3-Arm Brass Plated Candleabra

8-Inch Reflector Bowl

Swing Arm Bridge Lamp 3-Way U-socket

Two 29-Inch Hand-Decorated 3-Way China Table Lamps with Triple-Plated White Metal Mounting

LITE-CONTROL 7-Tap Switches Off and On Lights

HOME SUPPLY CO.

1101 LUD. ST., ESCANABA, MICH.

Enclosed please find \$1 down payment for the set of 4 lamps at \$29.13. I agree to pay \$1.00 weekly on the balance.

## Guidance Meet Opens Today

20 County Teachers Here For Sessions

The Delta County Guidance conference under sponsorship of the University of Michigan extension service opened here this morning with 20 Delta County teachers present for the opening session.

Wilbur West, guidance director, NMCE in Marquette, was principal speaker at the morning session. He discussed changes in the school population in the last 25 years, and cited the greater range of curriculum planning necessitated by the increase in number of persons attending high school.

The present student-centered attitude of teachers, as contrasted with the older subject-centered teacher attitude, points out the need for guidance in present day schools, Mr. West asserted. The college guidance director also pointed out that the current rate of drop-outs from high schools shows a need for increased guidance work.

"Guidance is every teacher's responsibility, even though every teacher is not a guidance counselor," Mr. West emphasized.

Stewart C. Hulslander, counselor-trainer at the University of Michigan, at the session this afternoon, analyzed guidance work now being done in schools. Glenn Smith of the Department of Public Instruction, who was to serve with Mr. West and Mr. Hulslander as conference consultants, was unable to attend.

The conference will close with a panel discussion tonight, following a dinner in the Sherman Hotel. Edward Edick, principal of Escanaba Senior high school will serve as moderator. On the panel will be Mr. West, Mr. Hulslander, Miss Bernadette Brennan, Miss Alice Jodocy, Miss Lucille Warrington, George Grab and Conan Fisher.

Sessions this morning and this afternoon were held at the Ludington Hotel.

## Students Operate City Government Here Tomorrow

Senior students of the Escanaba Senior high school will operate the Escanaba city government tomorrow as part of their training in government classes.

Councilmen were elected at the school last week and some city officials were appointed. Department heads were to be selected this afternoon by Fred McFadden, student city manager.

The student council, with George Rouman as mayor, is comprised of Jon Baldwin, Jim Chapekis, Irene Steen and Lorian Sundelius. Donna Rudness will act as city assessor and Patricia Buzzell as city clerk.

Arrangements have been made for the students project by Miss Nina Ley, government instructor at the high school, and city officials.

## Acheson And Bevin Discuss Ways Of Winning Cold War

LONDON—(P)—U. S. Secretary of State Dean Acheson and British Foreign Secretary Ernest Bevin met today to discuss ways of winning the cold war.

Acheson came by plane from Paris, where he talked yesterday with French Foreign Minister Robert Schuman and agreed that the United States would give military and economic aid to keep warring Indochina out of the Communist columns.

Acheson and Schuman also were reported in agreement on giving more political and economic freedom to Western Germany by easing the occupation law under which the Big Three control three German ex-enemies.

## Troops Halt Looting In Quebec City Razed By \$20,000,000 Fire

RIMOUSKI, Que.—(P)—Army troops and police stood guard against looters today in this city ravaged by a week end fire that caused \$20,000,000 damage and drove an estimated 2,500 persons from their homes.

Tons of supplies were still pouring into the blackened city. From points in the United States, Quebec and Ontario came checks, promises of assistance and announcements of mass collections of food, supplies and money.

A number of grocery stores and beer storage houses were looted yesterday, but arrival of troops of the Royal 22nd Regiment soon gained control of the situation.

## Singer Bing And Wife Reported On The Outs

PARIS—(P)—Bing Crosby denies a report that "strained relations" are blighting his 20-year-old marriage to onetime film star Dixie Lee.

An attorney for the screen and radio crooner, John O'Melveny, reported in Hollywood yesterday that things were not so smoothly between Bing and the mother of his four sons. The attorney said a reconciliation was hoped for in June, when Bing is due home from a European jaunt.

"Some columnist must have started it," said Crosby last night. Such reports "crop up every four or five months," he added.

## Watch For Stolen C&NW Checks, Local Business Men Told

E. E. Schultz, special agent for the Chicago & North Western railroad, today warned local business establishments to be on the lookout for attempts to cash payroll checks with drafts dated April 23, stolen April 23 from the Kenzie station, Chicago.

Schultz said that two armed bandits seized the checks in the holdup at 3:45 a. m. April 23 and that four of them have already been cashed in Des Moines, Iowa, and Omaha, Neb.

The remaining checks total \$4,182.43. If attempts to cash any of the mare made locally, Schultz or E. M. Ellis, chief special agent, 138 North Canal street, Chicago 6, Ill., should be notified at once.

When two of the checks were cashed at Des Moines a New York Central railroad pass issued to John Kelley, a Negro chair car porter employed by the NYC, was issued as identification. The pass bore the number AA-99482.

## President Says He's Old-Fashioned Farmer

BROKEN BOW, Nebr.—(P)—President Truman, the one time Missouri farm boy, confessed here last night that he is "not up to date" on the farming methods.

"I used to milk cows by hand," he told trackside audience. "I used to plow with a four horse team, instead of a tractor. I used to sow wheat with a drill that had only 12 hoes on it, and I used to cut wheat on a binder that cut eight feet wide."

He said he has two nephews on the same farm who get "much more out of a farm" than he did by using machinery. But, he said, "I don't think that those boys could follow me up a corn row to save their lives."

## Invasion Craft Of Reds Sunk Off Formosa

Chinese Planes Trap 2,000 Small Junks

TAIPEI—(P)—The Nationalist Chinese Air Force today reported it sank the better part of 2,300 Communist invasion craft in a blistering attack on three ports opposite Formosa.

The small craft, ostensibly assembled for Red invasion attempt against Formosa, were trapped in surprise raids on the ports of Swatow, Amoy and Foochow. The three are likely bases for the projected Red invasion of Formosa.

The biggest concentration of small craft, mostly junks, was found at the mouth of the Min river near Foochow. The Air Force said some 2,000 or more small craft were trapped there. The Air Force also reported a fresh air attack Monday night on Ningpo, 90 miles south of Shanghai.

Communist defenders of the Ningpo air field put up a heavy anti-aircraft fire, but the Nationalists said most of the field's installations were destroyed by bombs.

Other Nationalist warplanes blasted Red artillery positions on Chintang, one of the Communist-held islands of the Chusan group. The Reds have shelled Chusan's main islands from Chintang, which is only three miles away.

Gen. Chiang Confident Dispatches belatedly reported that Nationalist warships fought a three-hour battle with 200 Com-

munist small craft near Chusan on May 6 and sank more than half of the Red flotilla.

Meanwhile all Formosa buzzed with comment on Generalissimo Chiang Kai-shek's confident statement yesterday to American news correspondents that he would still be here a year from now.

The extreme deadline for the possible Red invasion of Formosa is considered to be September. But most quarters predict the Communists will not be able to deliver an assault unless they come before the middle of July.

After that monsoon weather in the Formosa channel makes a crossing by Chinese junkets hazardous.

Most of the 20-odd American correspondents left today for Tokyo enroute back to the United States. They were taken on a Nationalist conducted tour of the island.

## Weather All Ditto For Stephen, Minn; Mud And Snow Deep

STEPHEN, Minn.—(P)—Here is the weather story published on the front page of the Weekly Stephen Messenger:

"The weather report needs only ditto marks for these parts. It snowed Saturday night; ditto Sunday; ditto predicted. Roads nearly impassable, ditto predicted. Sun practically unseen for weeks; ditto today; ditto predicted.

"Mercury hovering near the freezing mark for days; ditto today; ditto predicted. Snow banks nearly feet high, postponing seeding operations for weeks; ditto as far as can be seen.

"Mud is feet-deep; ditto the snow; ditto the water-and so, ditto."

Stephen is in the Red River Valley but so far has not been as seriously affected as other communities by the present flood.

## Woods Safety Book Issued

Material Prepared At Michigan Tech

HOUGHTON, Mich.—The forest products research division of the Michigan College of Mining and Technology recently made public a major contribution to the timber industries of the Michigan-Wisconsin area. Leland W. Hooker, timber technologist with the division, has prepared a woods safety handbook which was recently published by the Michigan-Wisconsin Forest Products Safety Council.

Under the supervision of Dr. Hereford Garland, director of the division, Mr. Hooker, assisted by Prof. Robert Hagen of the Michigan Tech faculty, has made a thorough study of more than a thousand accidents in the forest products industries. The findings of that research constitute the basis for the safety handbook.

The project was undertaken at the request of the Safety Council, which was recently formed by a joint safety committee of the Timber Producers Association of Wisconsin and Upper Michigan and the Northern Hemlock and Hardwood Manufacturers Association. John E. Schueler of Rhinelander, Wis., is executive secretary of the Council. Members of the executive committee are James Aldridge of Mohawk, Mich., L. J. Helmske of Ironwood, Mich., Russell Watson of Manistique, Mich., Harold Crosby of Oshkosh, Wis., George Corneaux of Marshfield, Wis., and Ivan Branham of Eagle River, Wis.

The purpose of the council is to promote the safety of forest product workers and the elimination of causes of accidents pecu-

## Russian Spy Ring Revealed In Iran

TEHRAN, Iran—(P)—A refugee Soviet official has handed over to the Iranian government and Western Power representatives a detailed expose of a vast Soviet spy ring honeycombing this country.

The source of this information cannot be disclosed. But on good authority it can be said the Soviet refugee named Chabik G. Oganessian, secretary of the big Russian embassy in Tehran and trustee of the Armenian Orthodox church, as the head of a spy ring which is penetrating all aspects of Iranian life.

The informant said Iran has virtually complete information on all Iranians working with the ring. Disclosure is possible now because Moscow has learned of the leak.

Try a Classified Ad today. Call 692

ar to the industry. The accident rate in forest work is higher than that in any other industry and is more than five times as high as the average for all industry.

## Court Upholds Loyalty Oath In Taft-Hartley Act

(Continued from Page One)

hibits any strike unless a majority of the collective bargaining unit has given its okay, is invalid because it conflicts with the national Taft-Hartley act.

3. Washington state may ban picketing designed to compel an employer to force his workers into joining a union.

4. Washington state also may prohibit picketing for the purpose of inducing used car dealers to observe certain closing hours.

5. California has the power to prevent picketing which sought to force a grocer to hire more Negro clerks.

## LEGAL MINDS PUZZLED

DETROIT—(P)—The exact status of Michigan's controversial Bonine-Tripp labor law challenged legal minds today.

In the wake of a U. S. supreme court ruling that the strike vote section of the law is unconstitutional, expert opinion wasn't sure

of itself. The high court at Washington yesterday, in a unanimous decision, nullified that portion of the act as in conflict with the federal Taft-Hartley law.

In effect, the supreme court held that Bonine-Tripp invaded the province of the federal government.

"Without question," said the court, "the Michigan law conflicts with the exercise of federally protected labor rights."

"A state statute so at war with federal law cannot survive."

The verdict, handed down late yesterday, was delivered by Chief Justice Vinson.

It bears on the Bonine-Tripp clause which forbids a strike until the state conducts a strike vote of a union's membership. A question of inter-state commerce was at issue.

The CIO United Auto Workers hailed the verdict.

## Briefly Told

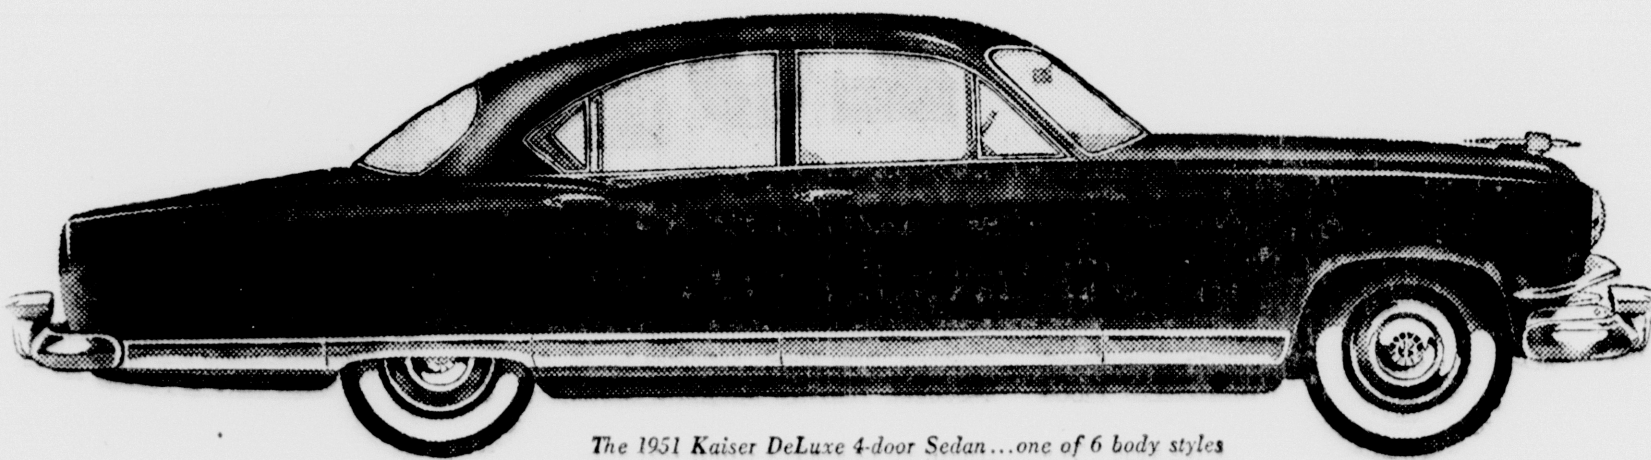

Odd Fellows Meeting—Bay de Noc Encampment, IOOF, will meet at the hall Wednesday evening at 8.

# The 1951 Kaiser is here!

★ America's newest car!

★ America's most glamorous car!

★ Triumph of Anatomic Design\*

The 1951 Kaiser DeLuxe 4-door Sedan...one of 6 body styles and 12 models. Hydra-Matic Drive available in all models at extra cost.

★ Anatomic Design... (Ana-TOM-ic)... is the newest, most advanced step in motor car making. It is the principle of engineering the anatomy of the car, every feature of the body and chassis, to suit the needs of human anatomy in a way never before achieved. It results in a car that is easier to control, more comfortable, safer for you and your family to ride in.

And here it is... the first car in America built from roadline to roadline on the principle of Anatomic Design!

Like riding "outdoors"! Largest windshield, slimmest corner posts in any car...no "blind spots"!

Most room ever! High Bridge Doors offer new walk-in ease, Single-Roll Body provides extra wide, lounge-comfort seats, more head room and leg room.

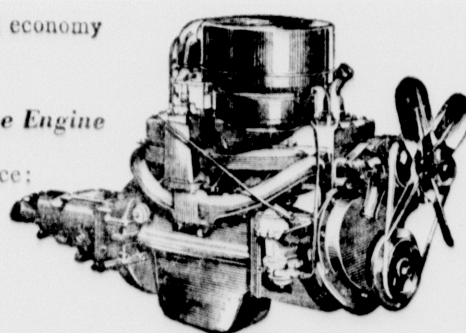

Easiest ride on the road! A Level-Flight Ride...because exclusive spring suspension takes up road shock!

Here's super-safety! Lower center of gravity and Truline Centerpoint Steering let the '51 Kaiser take curves faster, safer! Oversized jumbo brakes make stopping surer, swifter!

Value that holds up! Years-ahead newness and economy of operation save you money and assure lasting protection for your investment.

New 115 h.p. Kaiser Supersonic High-Torque Engine gives you faster acceleration; less vibration with higher compression, quieter, smoother performance; more driving power per horsepower, lower gas and oil consumption.

Built to Better the Best on the Road!

one glance  
and you know it's  
the newest car in America!  
one mile  
behind the wheel  
and you'll want to own it!

\$200,000 Kaiser-Frazer "Name The Car" Contest Winners! Look for your name on display in your dealer's salesroom!

## Spring Squalls Capsize Boats

NEW YORK—(P)—Treacherous spring squalls caught thousands of New York and New England boatmen without warning over the sunny weekend and left 20 of them dead or missing in lakes, rivers and salt water.

The high winds, tail end of a midwest storm, reached 65 miles an hour at some points.

In addition to the havoc caused on the water, the winds also fanned forest fires in New England and blanked out most private flying. The flames covered hundreds of acres of New England woodland.

Upper New York state had the worst drowning toll, with 10 dead or missing since Friday. New York City and Long Island Sound counted seven lost Sunday, while New England had three drownings.

Hundreds of small boats were flipped over in the high water, and nearly 40 persons were rescued in the New York area alone.

The Long Island Sound casualties came in four separate accidents involving rowboats. Three were known dead and four were missing.

Radio interference from the starter equipment on aircraft and automotive combustion engines is eliminated by a new radio-shielded unit. It is designed for use particularly to prevent "noise" of the magneto reaching radio apparatus which receives power from the same power supply.

## Schaffer

**Storm Damage**  
SCHAFFER—A silo on the Melton Viau farm was blown over and the front of the former blacksmith shop owned by Oscar Martin collapsed during the recent wind storm.

**Eighty-One Years Old**  
Joe Pilon of Schaffer observed his 81st birthday anniversary Monday, May 8.

**Card Club Meets**  
Mrs. Ed Meyers entertained her 500 club at the Tom LaFleur home, Mrs. Meyers, Mrs. Joe LaFleur and Mrs. Louis Racicot had high scores. Lunch was served.

**Personals**  
Gilbert Guindon and Bradley Savage of Milwaukee visited with relatives here during the weekend.

Royal and Arnold Taylor, students at Northern Michigan College of Education, Marquette, spent the weekend visiting with relatives.

Mr. and Mrs. Chester Rice of Escanaba were guests at the Henry Nelson home Sunday.

Guests Sunday at the Wallace Anderson home were Mr. and Mrs. George Anderson, and Mrs. Peter Biehler of Groos, Mr. and Mrs. Randy Schramm of Escanaba, Mr. and Mrs. Larry LaMarche and children of Danforth and Charles Anderson and daughters, Elaine and Marlene and Allen Pierron of Danforth.

Weekend guests at the Eli Taylor home were Mrs. Carrie Seymour of Escanaba and her son, Gerald Seymour of St. Paul.

The Potomac riverfront section of Washington, D. C., has been known as Hamburg and Funks town.

**SHE'S TAKING A LETTER**—With push-button controls operating her electric typewriter, this Los Angeles secretary takes it easy while waiting for a finished business letter to roll out. The automatic typist desk, shown at the Southern California Business Show, is designed with the idea that 90 per cent of all business letters say the same thing. Push a button, and entire paragraphs are typed automatically.

## Rich Butte Mine Has Base In Hell

By HAL BOYLE

BUTTE, Mont.—(P)—If Butte ever runs out of copper, it can still rent itself out as the nation's premier atom bomb hide-away.

There are more than 7,000 miles of underground workings—some a mile deep—beneath this "great mining camp on earth." They could hold the 3,000,000 population of New York City comfortably. And they could do so with less crowding than Gotham's people get today on the way to work in the subway.

But Butte isn't catering to fugitives from an atom-afraid world.

The main things Butte is still interested in are metal and fun. It originally sat on "the richest hill in the world," and it still feels it does.

This hill is a swelling Butte, a pimple compared to the continental divide mountains around it, that has produced more than \$2,500,000,000 in the last 86 years.

That wealth has come from gold,

silver, zinc and copper—but mostly from copper.

Butte is a Lazarus town. It twice has been given up for dead. But if today it is a civic corpse, then it is the liveliest one in history. It is a deathless town that always has risen from the grave its doubters buried it in—and, still hale and hearty, survives its detractors, those of little faith.

**Predictions Wrong**  
At 26 years of age Butte isn't looking for ghost town retirement. Its problem is to get enough hard rock miners to keep it booming. Founded in 1861, when gold was first discovered, it dwindled to 60 inhabitants by 1874, when the surface placer claims were worked out.

Then for eight years it revived as a silver-mining center. And in 1882 a stubborn Irish immigrant, Marcus Daly, the first of the copper kings, bulldozed others into a realization of the real payday—copper, the metal civilization has more everyday uses for than gold.

Fifty years ago even the critics were saying that Butte again was through. They claimed the rich rifts of peacock ore—the high-bearing veins are multi-colored as a peacock's tail—were about exhausted.

But they were wrong. Today

"the richest hill" so far appears still exhaustless. It produces one-third of the nation's copper and the end isn't in sight.

**Good For 35 Years**  
"Our high grade ore is just as good as it ever was," said a spokesman for the Anaconda Copper Mining company, which owns the hill. "We don't know ourselves how much there is left—we haven't reached the point where it would be worthwhile to make an engineering survey."

"But we have reached a point where it is profitable also to mine 150,000,000 tons of low grade ore—and that alone would keep us busy for the next 35 years."

A miner put it more down-to-earth: "This hill runs clear down to hell. We'll never run out of copper until we dynamite the devil himself."

## Munising News

Mrs. Charles Tervo left Monday for Tomah, Wis., to visit with her husband who is a patient in the veterans hospital there.

Walter Giedrojc has left to spend a few days visiting in Milwaukee.

## TODAY'S BIRTHDAY

By AP Newsfeatures

BARBARA ANN SCOTT, born May 9, 1923 in Ottawa, Ont., daughter of a famous Canadian figure skater, made a sweet of the highest title in her sport when 19—Women's Olympic European and World Figure skating championships.

It requires 50,000 horse power to provide the right amount of force for the latest supersonic wind tunnel for testing aircraft. Horse meat is a favorite with leopards.

The first mechanical refrigerator was patented in 1856, but electricity was not applied until after 1890.

## Champion Wood Chopper Peter McLaren Retires

CHAMPION WOODCHOPPER PETER McLAREN IN ACTION

PHILADELPHIA — (AP) — An Australian who made wood chopping such an art that three kings commanded performances is retiring—at the age of 68—and going home.

Peter McLaren was called to entertain kings, but colleges and universities hired him as the scientist of the axe.

The Melbourne-born king of the wood choppers became world champion in contests at Melbourne and Perth in 1905. He last participated in Australia's annual world championship axe swinging contests in 1910. Later, he became such an undisputed master that he gave challengers a 50 per cent time bonus. In thousands of contests he was defeated on that basis but three times. McLaren has never been beaten in the United States.

In 1908 his fame was so widespread that Kaiser Wilhelm, of Germany, commanded a performance in Berlin. Three years later McLaren chopped wood at the be-

## Anna M. Schultz Is The Bride Of Anton Noel

HERMANSVILLE—Miss Anna Mee Schultz, daughter of Mr. and Mrs. Albert Schultz of Hermansville, and Anton Noel of Green Bay, son of Mr. and Mrs. T. Noel were married at St. Mary's church in Hermansville by Father J. A. Paquet at 9 Saturday morning, May 6.

Gladioli in spring shades decorated the altar for the service. Mrs. Leo T. Doran was organist. The bride, who was given in marriage by her father, wore an aqua suit with toast accessories and her flowers were a cluster of red roses. Her sister, who was her attendant wore a gray suit with pink accessories and a pink rose corsage.

Both mothers wore navy and blue ensembles with corsages of white carnations.

A wedding dinner for 50 guests was served at the home of the bride's parents, with appointments in pink and white. The newlyweds after a motor trip through the east will live in Green Bay at 545 Henry street.

Guests at the wedding included Mr. and Mrs. T. Noel, Mr. and

## All Nature Is Magazine Field

NEW YORK—(AP)—One story tells you how a volcano is born. Another tells of the life and times of the African black rhinoceros. You go on a journey down a swift, wild river in New Guinea with Papuan natives, or watch Eskimos build their sleds. You get acquainted with New Zealand's strange flightless Kiwi bird, or puzzle whether there may be some form of life on the moon.

That's only a light sampling of the range of contents in a non-profit educational magazine, Natural History, now marking its 50th year. Published by the American Museum of Natural History, it now is approaching the 45,000 mark in circulation. It goes to readers in all 48 states and 43 foreign countries. In Abyssinia, Emperor Haile Selassie becomes impatient if the mails delivering his copy are slow.

Mrs. J. Noel and sons, and Mr. and Mrs. A. Noel and sons of Green Bay, Miss Clare Noel of Sturgeon Bay, Miss Madonna Noel and Kenneth Noel of Racine, Wis., Gordon DeBaker of Green Bay and Miss Arline Schultz of Chicago.

Beverly Erickson

Phyllis Spade

Theresa Lessard

**PLAN SUMMER WEDDINGS** — Three brides-elect whose friendship dates from their childhood days are making plans for summer weddings. They are Beverly Erickson whose engagement to Arthur Fournier son of Mr. and Mrs. Oscar Erickson, Bark River, has been announced by her parents, Mr. and Mrs. Bertyle Erickson of Bark River; Phyllis Spade, daughter of the Harvey E. Spades of 1405 Lake Shore Drive, Escanaba, whose engagement to James

Anderson, son of Mr. and Mrs. Alfred E. Anderson of Bark River has been revealed; and Theresa Lessard, daughter of Mr. and Mrs. Alphonse Lessard of Bark River who is betrothed to Ellsworth Nault, son of Mr. and Mrs. Wilbert Nault of Wilson. The Erickson-Fournier wedding will take place June 17, Miss Spade has selected a date in late August for her wedding, and the Lessard-Nault ceremony is planned for June 10. (Ridings Photos)

U. S. Navy Band  
To Give Concert  
At Ishpeming

The United States Navy band under direction of Lt. Comdr. Charles Brendler will play a concert in Ishpeming on Saturday, May 13 under sponsorship of George Quaal Presentations.

Though the Navy band is primarily a stirring military musical unit, the 90 musicians in the unit are men of great musical versatility and can furnish a great symphony orchestra, a lively band or a string ensemble.

The band's library of music is the largest in the world and contains symphonic works, latest hit parade numbers and beautiful fantasies for string instruments. The band's conductor collects music of all ages for the unit, including that from contemporary composers. Because of the band's official status, it is sometimes the first to play a truly moving new piece of music.

Two concerts will be given at Ishpeming in the high school auditorium, at 2:30 and 8:30 p. m. Tickets may be obtained from George Quaal presentations, box 252, Ishpeming.

**BRIDE IN JULY** — Announcement is made by William Jones of Cornell of the engagement of his daughter, Joyce, to Roger Derouin, son of Mr. and Mrs. Alex Derouin, also of Cornell. The wedding is planned for July 22. (Ridings Photo)

Helen Stenson  
To Attend State  
Meeting, Lansing

Miss Helen Elaine Stenson, Escanaba public school grade supervisor, is leaving Wednesday for Lansing to attend a state meeting of the Michigan Association of Supervisors and Curriculum Development.

She will be accompanied by Miss Olive Fox, Marquette grade supervisor, and Miss Alice Dobie, who holds a similar position in Sault Ste. Marie.

The conference opens Thursday and will continue through Saturday. Miss Stenson will serve as chairman of a luncheon meeting Friday noon and will be in charge of sessions Friday afternoon.

State officials who will be present will include Dr. Lee M. Thurston, superintendent of public instruction; Dr. Cecil V. Millard, director of the department of education at Michigan State col-

## Social Situations

relaxation; keeping healthy under pressure; and how to grow older happily. Throughout the book the authors stress the importance of self-analysis, which reveals where the personal problems lie; relaxation which brings to the conscious mind unexpected reserves of strength; a reliance upon God, particularly effective when one realizes his own inadequacies; and the reading of religious literature, especially the Bible.

## Social Situations

Another person calls you on the telephone for a chat.

**WRONG WAY:** Bring the conversation to an end whenever you want to.

**RIGHT WAY:** Let the person who made the call be the one to close the conversation.

## Old-Time Glamor Gone For Plane Test Pilots

**AIRBORNE ENGINEERS:** Ready to take off in the first flight of a new plane, these test experts are all business. Virgil Kelly, Bert Binegar and Pilot Jim Fraser (left to right), plus 10 others in the test crew, began their test job two years ago when the plane was still on the drawing board.

By FRED ZAVATTERO  
NEA Staff Correspondent  
SEATTLE, Wash. (NEA)—Old-time test pilots, like the planes they flew, have been scrapped. Highly trained men who can handle an engineer's "slipstick" as well as a "joystick" have taken their place.  
Aviation's pioneers claim the newcomers don't even look like flyers, not to mention test pilots. The coffee shop office is gone. Today's test engineers have offices and wear company identification buttons. One veteran of 30 years test flying reports with horror: "They even punch a time clock."  
Elliott Merrill, one of the few surviving 25-year veterans and acting chief test pilot at the Boeing plant in Seattle, explains the change. "Most early test pilots had no training. Their stock in trade was courage and nerve," he says. "That's not enough today."  
Aircraft design and production have reached a stage where aeronautical engineers and designers must have exact, scientific reports of performance.

To answer the questions of engineers, the test pilots must be engineers. Most airplane manufacturers now require test pilots to have special training.

The new test pilot spends long hours at his desk compiling reports, statistics and other data necessary to the production of foolproof airplanes.

Under this new flight testing system, the test pilot and crew are assigned to the plane while it's still on the drawing board. When the plane is past the design stage, the test crew follows the construction in detail. They ask questions and are questioned. Every part is analyzed.

It may be two years or more before the plane is ready for a flight test, but the crew knows every nut and bolt in it. Thirty years ago, the test pilot usually saw an experimental plane for the first time when he flew it. The first flight too often proved to be the last—for plane and pilot.

With all precautions, test flying is still a hazardous occupation. The proof of the plane is still in the flying. However, wives and children of test crews no longer border the runways with mourning clothes close at hand when daddy goes out to test the new ABC-3CBA. Daddy's driving a bus as far as they're concerned.

A career as test pilot engineer now requires a college degree, preferably in aviation; thousands of hours as a four-engine pilot; jet plane experience, and an enthusiastic interest in the engineering aspects of aviation.

Sometimes Merrill winces when he interviews an applicant and comes to the college degree requirement.

It reminds him of the time he was putting an early B-17 through a dive test, and the tail came off. The crew took to their parachutes. When he hit the ground, Merrill announced to a bewildered audience: "And for this I need a college education!"

## Soldier Alive; Dead 5 Times

TOKYO.—(P)—PFC. Daniel N. Stoecker, 19, "died" five times last week but is still alive.

The Phillips, Wis., soldier owes his life to a combination of luck and surgical skill.

He was admitted Saturday to Tokyo general hospital with a knife wound in his heart. Doctors could find no pulse and no blood pressure.

Col. N. W. Anderson, chief surgeon, began to operate. Anderson said he discovered an inch long wound in the right auricle, the chamber that receives blood from the veins. Several quarts of the blood had drained into the chest cavity.

Each time he took a stitch to close the wound, Anderson said, Stoecker's heart stopped beating. Each time the doctor gently massaged the heart five minutes until it resumed beating. That happened four times.

"When the stitching was all done," Anderson said, "the boy's heart stopped again. It only resumed normal pulsations after 15 minutes of massage."

Four quarts of blood plasma were given.

### Sabotage Indicated In India Train Wreck Fatal To 82 Persons

NEW DELHI, India.—Sabotage was blamed by investigators for India's worst train wreck in which at least 82 persons died yesterday.

The crack Punjab mail train plunged 50 feet from a bridge in Bihar state, the chief of the Bihar criminal investigation bureau said. Saboteurs had removed fishplates holding the rails together.

A. Q. Ansari, Bihar minister of relief and rehabilitation, said nearby villagers began looting among the dead and injured until he ordered his personal bodyguard to open fire. Ansari was on the train but escaped injury.

A similar attempt to wreck a train was made at the same spot a month ago, railroad officials said. The wreck occurred between Jasi-dih and Simultala. The train was traveling from Calcutta to New Delhi.

### Woman Dies In Leap From Blazing Home

TRENTON, N. J.—(P)—A woman jumped from the third story of a blazing building Monday on the urgings of would-be rescuers but died on the concrete below when they failed to catch her.

Mrs. Evelyn Smith plunged 35 feet to her death in front of the burning building.

## Rapid River

### May Tea

RAPID RIVER.—The Woman's Fellowship of the Congregational church at Rapid River is sponsoring a May Day tea in the parish hall Wednesday evening, May 10, at 7:30. Hostesses are Mrs. James Jay, Mrs. Howard Kuehn and Mrs. Florence Lagerquist. The program which will be given by the Sunday School children is in charge of Mrs. Myron Whipple. The public is invited.

### Communion Sunday

RAPID RIVER.—The Altar society of St. Charles church will receive Holy Communion in a body Sunday at the 8 o'clock mass. The service will be followed by a breakfast in the parish hall.

### Card Club Supper

A supper was served by women of the card club Thursday at St. Charles parish hall. Mrs. William Miller, Mrs. Louis Thibault and Mrs. Andrew Wils were in charge. Thirty members attended and Father Anthony Schloss was a guest. Prizes were awarded to Mrs. Oren Papineau and Mrs. Ray Callahan, first and second, in canasta, and Mrs. Ed Hamilton, low; and to Mrs. Ed Huff, high. Mrs. Olaf Pearson, second and Mrs. Ray Labumbar, low, in 500.

### Wedding Announced

Announcement is made of the wedding of Miss Shirley Yager of Flint and James Murchie, son of Mr. and Mrs. Robert Murchie of Masonville which took place April 30 at the home of the bridegroom's aunt, Mrs. Charles Pound at Flint. A reception followed the ceremony. Mr. Murchie is employed by the Buick Motor Co. at Flint.

## Card Party May 17

St. Catherine's Circle of St. Charles church will sponsor a public card party May 17 at the parish hall. Games of canasta, 500, and smear will begin at 8. Prize will be awarded the winners and lunch will be served.

### Personals

Ed Deneau of Masonville was admitted to St. Francis hospital Wednesday night for emergency surgery.

The condition of Edwin Nelson who submitted to surgery at the Mayo Clinic in Rochester, Minn., Thursday is reported critical. Dr. and Mrs. H. C. Stuck and Mrs. Marsh of Mackinaw City were guests of Jay Huff Sunday at the Ed Huff home.

Guests of Mr. and Mrs. Alfred Paul Tuesday were Mr. and Mrs. H. R. Hendrickson and Mrs. Allen Hendrickson and two children of Palmer.

Mrs. Wilma Uebrecht and granddaughter, Mrs. June Perry, entertained Mr. and Mrs. Albert Watt and Mr. and Mrs. J. Kirkendahl of Marquette who came here to dip smelt.

Mrs. Edna Young and Mr. and Mrs. Allen Young of Rapid River and Mrs. Roy Norden of Perkins and Mrs. Charles Eleget of Gladstone were recent visitors at the home of Mr. and Mrs. John Carstensen at Stephens Lake.

Weekend guests at the Albert Schram home were Mrs. Ed Johnson and children, Edward, Joyce and Charles of Newberry.

Miss Abigail Rowley of Escanaba spent the weekend at the Todd Ewald home.

Gunnard and Leonard Nelson left by plane Wednesday for Rochester, Minn., called by the critical condition of their brother, Edwin.

Mt. Etna has erupted about 80 times in recorded history.

Cooks Matron  
Passes Away

Rites Wednesday For  
Mrs. James Tebo

Mrs. James Tebo, 68 of Cooks, passed away Sunday night at the Shaw hospital, following an illness of about four months. Mrs. Tebo, whose maiden name was Louise Ingebreton, was born at Thompson on May 3, 1882 and lived practically all her life in that and the Cooks vicinity. On November 9, 1903, she was married to James Tebo and they moved to Cooks where they have resided ever since. She was a member of the Cooks Congregational church and took an active part in church and community affairs. Surviving her are her husband, James Tebo; her mother, Mrs. Emma Engbreton, Cooks; a son, Dr. James of Menominee; two daughters, Miss Doris, at home and Mrs. Ione Houghton, of Iron Mountain; three brothers, Martin, Appleton; Herbert and Charles, of Cooks; four sisters, Mrs. Ida McClellan, Pontiac; Mrs. John Nepper, Isabella; Mrs. Gaiety Hartman, Cooks; and Mrs. Olive Tebo, Manistique; and four grandchildren.

Funeral services will be held at the Morton funeral home on Wednesday afternoon at 2:30 o'clock. The Rev. Harold Martinson will conduct the services and burial will be in Fairview cemetery.

Volunteers Turn  
Out In Force To  
Build Club House

Splendid progress in building operations on the new Indian Lake Golf Clubhouse is reported by R. G. Hentschell, president of the golf association.

Operations scheduled for Saturday were hampered by inclement weather, the strong wind blowing all day made the raising of the structure's framework inadvisable at that time. Sunday, however, was quite a different story. Twenty-eight volunteer helpers were on the scene, and the pre-fabricated framework was raised and the building was almost enclosed.

Another bee will be held Wednesday afternoon at four o'clock with still another scheduled for Saturday afternoon at one o'clock when volunteers will again assist in helping put shape to the structure.

Practically all of the building operations will be made by volunteer help.

Mrs. L. Wilson  
New President  
Of Lincoln PTA

Mrs. LeRoy Wilson was installed as president of the Lincoln PTA at their regular meeting held Thursday evening at the Lincoln school.

Other officers installed were Mrs. William Morden, vice president and Mrs. Raoul Bertrand, treasurer.

Following the business session, an interesting program of music was presented under the direction of Mrs. Roger Eisentrout, high school music instructor.

Miss Mattie Benson, retiring teacher at the Lincoln school, was pleasantly surprised when she was presented with a lovely gift from the PTA.

Lunch was served by mothers of the sixth grade students. Decorations were in the May Day motif.

Social

Mrs. Elmer Generau was honored at a pink and blue shower given on Thursday evening at the home of Mrs. Ed Generau, 324 North Cedar street. Cards were played with Mrs. Tom McKenzie receiving high in Canasta and Mrs. Mennon Cousineau, high in Pedro. Mrs. Fred Bryant received the special award. A delicious lunch was served after the games. Mrs. Generau opened her many lovely gifts. Mrs. Melvin Cousineau and Mrs. Peter Udell were co-hostesses.

City Briefs

Rev. G. A. Herbert attended the annual convention of the Green Bay District Luther League of the Superior Conference held last Sunday in Menominee. Eighteen young people of Manistique attended. Rev. Herbert delivered the convention address.

Mrs. A. J. Cayia has returned from a visit in San Diego, Calif.

Mr. and Mrs. Frank Kessler, North Houghton avenue, were dinner guests on Sunday at the home of Mrs. Pearl Boyd, 137 North Fifth street, in honor of Mrs. Kessler's birthday.

Briefly Told

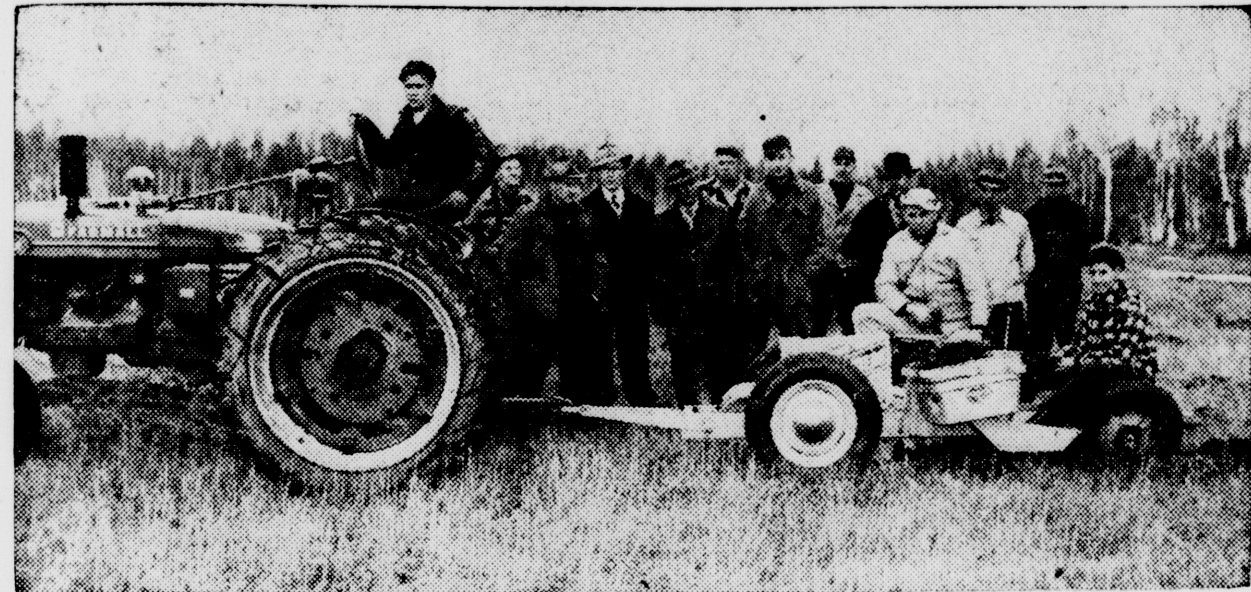

Moms Club—A regular meeting of the Moms club will be held Thursday evening at the home of Mrs. Cecil Gonder, Route 1. A good attendance is desired.

Trenary

Robert Quarfoot has returned to Chicago, where he attends a combined tool engineering school, after spending a few days with his parents, Mr. and Mrs. William Quarfoot.

**NEW METHODS IN TREE PLANTING** — At a cent tree planting demonstration sponsored jointly by the Mead Corporation, the Michigan Department of Conservation, the local agricultural extension service and Northwestern Railway, two types of machines were used in the planting process. One of the machines used is pictured above planting trees on an acreage about two miles south of Thompson. Norway pine and white and Norway spruce, in about equal numbers, were set out in a 25 acre plot. In the picture are representatives of the various sponsors of the project. They are from left to right; Wilbert Tanguay, wood buyer, Cooks; El-

mer Klasell, Escanaba Paper company, Escanaba Paper company, Escanaba; Ray Skog, extension forester, Marquette; Roger Smith, Manistique Pulp & Paper Co.; Manistique; Joe Groos, Bob Smithwick, Escanaba Paper company, Escanaba; Bob Schmeling, Manistique Pulp & Paper company, Manistique; William Hildebrand, Mead corporation, Escanaba; Frank Hoholik, Renold Anderson, Manistique Pulp & Paper company; Russell Watson, wood buyer, Manistique. Operating the machine are Clayton Reid and William Howe, both of Manistique. (Linderth Photo)

Victor Deemer Named  
Justice Of The Peace  
By The City Council

Victor Deemer, of 320 South Maple avenue, was named to succeed Edward Gray as justice of the peace at the regular meeting of the city council Monday evening.

His election to that position was by a unanimous vote. His name was submitted in nomination by Walter Burns and seconded by George Stephens.

There seemed to be some hesitancy on the part of the council when the subject was brought up. A. W. Heitman stated that he believed that no good purpose would be served by delaying the selection and the nomination by Burns followed.

The new justice will take office on May 10 and will serve until the next municipal election. It was explained by the city attorney that "the next municipal election" could be either the general city election or one in the meantime when some issue such as the voting on bonds would be brought before the voters.

In the recent municipal election, Edward Gray defeated W. G. Stephens who had held that office more than 25 years. Gray, shortly after taking over, decided that he would rather stay with his old job with the county road commission and resigned. In the intervening time, the office has been filled by Court Commissioner George Wood or Probate Judge Ralph Merwin.

**New Contract Deferred**  
Representatives of the municipal employees local appeared before the council to confer regarding a new contract. It was agreed, however, that discussions be deferred until Wednesday evening.

Three building permits were granted—all subject to approval

Helen C. Cayia  
Recently Married  
In Los Angeles

Mr. and Mrs. A. J. Cayia have announced the marriage of their daughter, Helen Catherine, to Richard Miles Rowe, son of Mrs. Annie Lee Rowe and the late Theodore Rowe of Memphis, Tenn., which took place on May 4 in Los Angeles, Calif.

The ceremony was performed by Rev. Thomas W. McLaughlin of the Immaculate Heart of Mary church in Los Angeles.

The bride is a graduate of Manistique high school; attended Rosary College, River Forest, Ill.; a graduate of the University of Michigan; graduated from the Moser School of Business in Chicago and the University of Michigan School of Nursing.

She is a veteran of World War II, entering service on November 4, 1942 and is at present Lieutenant attached to the Corps school at the U. S. Naval hospital in San Diego, Calif.

Mr. Rowe is a graduate in mechanical engineering of the Georgia Institute of Technology. He served five years in World War II and is Lieutenant Commander in the U. S. Naval Reserve. At present he is steel engineer for the Otis Elevator company located in Los Angeles.

Big Spring Park  
Manager Arrives

Spring Raft Repaired;  
Other Improvements

D. H. Eplett, of Ironwood, has arrived at Palms Book State Park to resume his duties as park ranger for the second season.

The park personnel is now engaged in the more or less routine work of setting the place in order for the reception of the thousands of visitors who will stop at the place this summer.

The sight seeing raft, probably the most important item in the Big Spring's facilities, is undergoing repairs. New barrels are to be placed under it and all timbers will be creosoted. It will be back in service in about ten days.

A building which is nearing completion, will provide modern washroom and toilet accommodations to the public. It replaces the outdoor toilets there.

The spring, which was high up on its banks during the spring thaw of a couple of weeks ago, is now back to its normal level and clear. Road conditions in the park area are still bad, but the county road commission promises to remedy the situation at an early date.

Local Shriners  
Attend Conclave  
At Milwaukee

Ten local Shriners attended a conclave of that branch of Masonry in Milwaukee Saturday. Several of the group motored to Chicago the next day and were present at a ball game.

Those making the trip were John S. Wilde, Neil Reese, Charles N. Isaacson, Ray Prime, Leland Headland, Gust Larson, Ernest Carlstrom, Gordon Denny, Arthur Thorp and Ed Jackson.

**THE JUDGE STEPS OUT**—Judge Roy Bean steps impatiently out of his special airplane at Chicago, having completed an 8000-mile air tour of 30 states. The Judge is a 1200-pound Hereford steer that won grand championship honors and sold for \$11.50 a pound at the 1949 International Live Stock Exposition in Chicago. With the prize steer are United Air Lines pilot, Captain R. E. Parcel, R. J. McLaughlin and handler Henry Gilligan.

**"CRACKER BARREL" KICK-OFF** — A nationwide "Cracker Barrel Campaign" got underway in Philadelphia, with little Deborah Reed becoming the first person to sign a petition for better government, as her mother, Mrs. Franklin Reed, watched. Watching the proceedings, left to right, are: Arthur Kaufmann, Robert L. Johnson, national chairman of the campaign, and Uncle Sam, portrayed by Edward L. Elliot.

## GHS Band Gives Concert Tonight

Interesting Program To Be Presented

The Gladstone high school band will be heard in their annual spring concert this evening at Gladstone high school. The opening number will be at 8:15 o'clock. Augmenting the program will be a violin solo, Meditation from Massenet's Thais by James Brusoe accompanied by Beatrice Brusoe; accordion selections by Richard Sundling and Walter's Etude in Boogie by Pianist Melanie DeHooghe.

The program which will be directed by Paul Cowen, music supervisor, follows:

Queen City March ..... Boorn  
Storm King March ..... Finlayson  
Komm Süsser Tod, Choral ..... Bach  
Beau Sabreur, Overture, Olivadoti

Band  
Meditation, from Thais, Massenet  
James Brusoe, violinist  
Beatrice Brusoe, pianist  
Vanguard March ..... Hollingsworth  
Old Timers' Waltz ..... Lake  
Fughetta, Fugue ..... Stainer  
Merry Men, Selection ..... Thomas

Band  
Accordion Selections ..... Walters  
Etude in Boogie ..... Walters  
Melanie DeHooghe, pianist  
Two Moods, Overture ..... Brundman  
Proclar March (Student Director) ..... Bennett

Band  
Three Blind Mice ..... Colby  
Ann Sword, Mary Ann Hoffmann  
Betty Ohman, Clarinet Trio  
I've Been Workin' On de Railroad, ..... Fred  
Will You Remember, Waltz ..... Romborg  
High School Cadets March, Sousa

## Methodist Church Spring Luncheon Set For Tomorrow

The annual spring luncheon of the Memorial Methodist church will be held at 1:30 o'clock Wednesday in the church parlors. A program in the auditorium, will follow the luncheon.

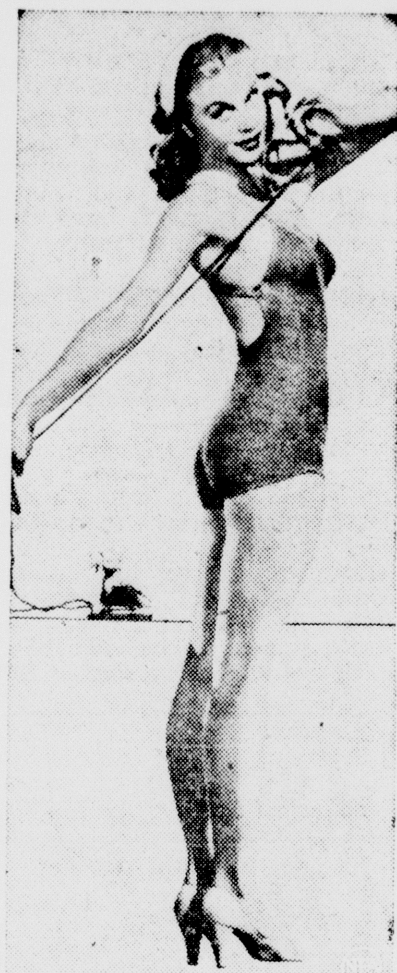

The program, Piano solo, James Berkley  
Clarinet trio, "Three Blind Mice", Ann Sword, Mary Ann Hoffmann and Betty Ohman.  
Address, "As Proved As Read," Mrs. James Bell

Vocal solo, Mrs. Clarence Short  
Organ solo, Mrs. Ed Olson.  
Mrs. Wallace Cameron is chairman of the program committee and the kitchen committee is composed of Mrs. Robert Wilbee, chairman, assisted by the Mmes.

## Social

**Birthday Party**  
August Brassick was honored Saturday night at his home, 1308 Montana avenue, when a group of his children and grandchildren gathered to help him celebrate his 77th birthday anniversary.

Supper was served with cards following. In smear, Mrs. Francis Roy was first with Peter Dementer second. In whist Mrs. Renold Redstrom of Escanaba was first with Mrs. Alphonse Dementer second.

Mr. Brassick was presented with a number of valuable gifts as mementoes of the occasion.

## Masonville

Mr. and Mrs. Leonard Schooner have returned to Beloit, Wis., following a weeks visit here with Mrs. Schooner's parents, Mr. and Mrs. Arthur Hassell.

E. A. Christie, Sidney Ridings, William Heslip, Soren Johnson, Hanford White, Charles Burton, Percy Cameron, William Young and John Murray.  
Mrs. Ed Eldridge will have charge of the nursery.

## City Briefs

Mr. and Mrs. John DeYonke and family, Marquette, spent the weekend visiting here at the Kamel DeYonke home.

CRM Thomas Lee, Mrs. Lee and son Tommy of Norfolk, Va., visited on Monday with her mother, Mrs. Roger Byrnes before continuing on to Glenwood, Minn., to visit with his mother. They will visit there for a few days and then return to Gladstone to spend two weeks here. Mrs. Lee is the former Marilyn Johnson.

Mrs. Carl Franzen has arrived from Chicago to visit for a few days with her mother, Mrs. Roger Byrnes. She accompanied her son Jerry here to spend the summer months with his grandparents.

Irvin Glerum and Frank Tattow of Chicago visited over the weekend with the Wallace Camerons. They came to smelt fish. Mr. Glerum is a brother of Mrs. Cameron.

Miss Margaret Sampson has been called to Ironwood by the serious illness of her father.

Mrs. Joe Louis, city, and her sister, Mrs. Jack Berrigan, Escanaba visited for several days last week with their brother-in-law and sister, Mr. and Mrs. Francis D'Amour at Houghton, Mich.

Mr. and Mrs. Arthur Nichols have returned from Rockford, Ill., where they visited over the weekend with their son-in-law and daughter, Mr. and Mrs. Lyle Born. Mrs. Born is the former Phyllis Nichols.

Mr. and Mrs. Jas. Bastian left today for Iron Mountain where Mr. Bastian will enter the veterans hospital for treatment.

## Krout Honored By Brotherhood

Served As Chairman For 25 Years

E. C. Krout, retired Soo Line engineer, was honored at a testimonial party Sunday evening in the Eagles hall sponsored by Bay de Noc Lodge 494, Brotherhood of Locomotive Firemen and Engineers, which he served for years as chairman and general secretary and treasurer.

Potluck supper was served and dancing was enjoyed during the evening. About 60 guests were present during the evening.

Mr. Krout served the lodge for 25 years as chairman and for many years also was secretary and treasurer. He retired from active railroading the last of March after 38 years of service with the Soo Line.

Here for the party were Mr. and Mrs. Brook Jones and Mr. and Mrs. Ingvald Nelson of Minneapolis, Mr. and Mrs. L. A. Daniels of Schiller Park, Ill., Mr. and Mrs. L. J. Nunke of Chippewa Falls, Wis., Mr. and Mrs. C. P. Frankie of Ashland, Leo Luxom, Dick and Ray Hammond and Mr. and Mrs. A. Livermore of Rhineland, B. E. Gage of Shawano, Wis., and Charles Havelcheck and S. F. Farley of Manistique.

Brook Jones is general chairman of the Brotherhood. Nelson, Nunke, Daniels and Frankie represented the party.

# Spilling The Dope

By Charlie Larson

Wanna have a chuckle? Just ask Gust Asp (that'll cost you a buck, Gust!) about managing a baseball team.

Yup, Gust managed one once. But he wouldn't do it again.

Get him to tell you about the time some of Escanaba's famed old timers—your old friends—used the names if we used them—"held him up" before each game for fifty, a hundred or a couple hundred bucks.

But Gust foxed them.

He was laying for them when he got Henry Olmsted to bring up a strong Jackson team to play at Escanaba.

(For the next installment of this gripping tale, read next paragraph, immediately below).

(Second installment. For synopsis, read above.)

Gust and his partners had advertised the game as the "state championship" on every telephone pole and barndoor from Menominee to the Copper Country.

But he knew the "prima donnas" would think they had him over the barrel.

So, when they had an indication that the game was going to be a big drawing card financially, several of them got their heads together.

And, what do you suppose? Sure enough, they came up with a plot.

(Plot thickens. If the end isn't funny as you think, at least you've had reading practice. Time 2 minutes, 13 seconds.)

The plot simply was this:

"Gust, if you don't shell out a hundred (or couple hundred to the pitcher) bucks apiece Saturday night, we won't play."

Gust said: "Nothing but your regular fee."

Okay, sez the boys, no pay, no play.

Okay, sez Gust, no play.

What the boys didn't know was that Gust, being forewarned was forearmed), had contracted ahead of time for a crack Munising team to come down and play against Jackson.

When the rebels found it out, they knew they were licked.

But they still expected to sit on the players' bench.

But, sez Gust, playing his trump card:

"If you guys want to see this game, pay at the gate as you come in and take your chance on a seat in the stands."

Gust never had any more trouble with attempted blackmail.

(The end).

## Tigers Face 'Crooshel' Series With Boston; Beat Yanks, 7-1

BOSTON—(AP)—Those two hotshots, the Detroit Tigers and the Boston Red Sox, collide head-on here today in a fang and claw battle for American league leadership.

The touring Detroiters, 7-1 victors with Art Houtteman Monday night, will face the New York Yankees, a made fireballer, Virgil Trucks to try to snap the Soxos string of four straight wins. He'll be opposed by George Kell.

A win would put the beantown crew on top of the American league heap—a spot the Tigers have held since the season opener. The

## Sports Roundup

By HUGH FULLERTON

NEW YORK—(AP)—Californians, who go for track and field meets in a big way, are planning to make an annual affair of the triangular meet involving the Pacific coast champs and the Big Ten and IC4A indoor rulers. It was Southern California, Michigan State and Yale this year and the clash paid off in both records and cash. . . . The plan is to hold it on the date of the Penn and Drake relays, so nobody would have a dual meet conflict. . . . California already claims the biggest meet of all, the Coliseum relays at Los Angeles, which are expected to draw 50,000 spectators for the fourth straight year May 19. . . . Al Schacht will start his 29th year of clowning (official, that is) in Newport News, Va., this month.

SHE HAD IT DOWN PAT

JUDGE P. B. O'Sullivan of the Connecticut supreme court of errors lives right across the road from a golf course in Orange, Conn. . . . so it's more or less natural that his daughter, Patricia, should become a top-flight golfer. . . . The judge, one of his state's most prominent citizens and an orator who can roll 'em in the aisles when he likes, isn't so sure it's working out right. . . . seems O'Sullivan went to keep a business appointment recently and gave his name to the office receptionist. . . . the gal looked up and gave him a big smile, exclaiming: "Oh, you're Pat O'Sullivan's father, aren't you?" . . . even his court couldn't correct that error.

CLEANING THE CUFF

Credit Oklahoma coach Bruce Drake and his No. 1 player, Jimmy Vickers, with an assist on Charley Coe's victory in the Western amateur golf. . . . Just before the 128-pound Vickers went out to play Frankie Stranahan, Drake wired him: "Vickers vs. par, not Stranahan." Jimmy liked them both. . . . In the 3-3, 13-inning tie between Kentucky and Georgia, C. M. Newton and Carl Adams both pitched 12 scoreless innings. . . . Joe Medwick has reduced his golf handicap to two—which seems to show there's no penalty for swinging at bad balls in that game.

# Casey Stengel Says Some Nice Things About 'Our' Detroit Boys

(By The Associated Press)

Big league managers are beginning to talk about Red Rolfe's hustling Detroit Tigers with a great deal of respect.

Baseball men who previously had regarded the Tigers as "just another first division club," are openly giving the Bengals a good chance to win the American league flag.

Casey Stengel, skipper of the New York Yankees, is the latest to climb aboard the Detroit bandwagon. Not that he thinks his Yankees won't repeat. But he now rates the Tigers even with Boston's powerful Red Sox as the teams he expects to give him his toughest fight.

"Detroit is the best looking club we've faced thus far," he said

yesterday following the Tigers' 7-1 triumph over his world champions.

"They're going to be tough, you can bet on that. Especially when (Hal) Newhouser comes around. I don't like to talk about players on other clubs. But that (Art) Houtteman looked like the best pitcher in the league out there today."

Houtteman, 22-year-old right-hander blanked the Yanks for eight innings, but let up in the ninth after his mates had given him a 7-0 lead. It was his fourth triumph against only one loss.

The Tigers today were leading the league. Although tied with Boston in games won and lost, the Tigers lead the Red Sox by 64 percentage points. They've won 10 of 14 starts while the Sox have won 13 of 20.

The two clubs meet in the first of an important three-game series at Fenway park today.

Detroit's George Kell, Vic Wertz and Hoot Evers were the

big guns in yesterday's triumph. Kell hit a single, double and triple and scored three times. Wertz slammed a double and triple and drove in two runs. Evers belted a single and home run and knocked in three runs.

Vic Raschi, Yankee starter, pitched well for seven innings but blew in the eighth and ninth, yielding five runs. It was his second loss against as many victories.

Washington's surprising Senators handed Bobby Feller his second straight defeat as Sid Hudson pitched them to a 4-2 triumph over Cleveland under the Washington lights. Besides spacing 10 hits for his third triumph, Hudson helped win his own game with a run-scoring single and a long fly that brought in another tally.

Brooklyn retained its National league leadership, defeating the Pirates in Pittsburgh, 7-5. The Pirates staged a belated ninth inning rally, routing starter Bud

Podbielan with a two-run attack. Jack Banta replaced Podbielan and stopped the Bucs with the potential tying runs on the bases.

Philadelphia's Phillies remained a half game behind the Brooks, edging out the Reds in a Cincinnati night game, 6-5. A wild throw by Herm Wehmeier in an attempted pick-off play in the seventh inning allowed the Phils to score the tie-breaking run. Ted

Kluszewski's three-run homer in the sixth had put Cincinnati in front, 5-4, until the Phils' Ken Johnson, although replaced by Bob Miller in the seventh, gained credit for his second triumph.

Little Tommy Glaviano was the big man in the Cardinals' 10-3 victory over the Boston Braves in St. Louis. The hustling infielder had a perfect night at the plate, four hits and a walk. He drove

in five runs and scored three. His hits included a double and home run.

The Redbirds collected 11 hits off loser Vern Bickford and two successors while Gerry Staley allowed the Braves eight. The victory enabled the Cards to vault past the Braves into third place. The defeat was Bickford's third without a victory.

All other teams were not scheduled.

## Bears Outlook Is Good: Cappel To Best Players

All Positions Open To Best Players

Baseball is on its way in Escanaba.

That's the belief of Fr. Louis Cappel, manager of the Escanaba Bears.

"We are having large turnouts for practice every night and the boys are showing a swell spirit," said Fr. Cappel, who has played for South Range and St. Ignace before coming to Escanaba.

"They realize they must take their chances on beating the next fellow out for their position and they agree that is the American way of doing things."

"We are going to make every attempt to give all the boys a chance to get in as many games as possible."

"Of course, we want to have as strong a team on the field as possible, and some players are better than others. As a result, they probably will play more than others."

"But any fellow who shows he has the stuff and is willing to stick with us will have plenty of chance to play. I promise that."

Fr. Cappel said the fight for positions is wide open and the starting lineup will be determined largely on the basis of what the boys show in the next few practice sessions.

Weather permitting, there will be another practice tonight. Opening game of the season is May 21 at Gladstone.

## Last Of Champ Infield Lifted

WASHINGTON—(AP)—Manager Lou Boudreau yanked what was left today of the brilliant infield that took his Cleveland Indians to a world championship in 1948.

Following three straight losses—two of them humiliating likings from the Washington Nats—the veteran pilot benched aging Joe Gordon and Mickey Vernon.

With his team in fifth place today, Boudreau said "I'm bringing Luke Easter from right field to first base, putting Johnny Berardino on second and installing Alie Clark in right field."

The pronouncement wrote finish to the infield labeled "excellent" two short years ago. Eddie Robinson, first baseman, was traded to Washington last year for Vernon; Ken Keltner, now with Boston, was given an outright release earlier this season; Boudreau has benched himself, and Gordon, the last of the top-notch combination, has now joined the splinter squad.

Gordon has showed perceptibly, his infield play has been shoddy and his hitting anemic. .146.

Vernon's hitting has been the worst in his major league career, averaging only .145.

## Softball Group Meets Tonight At City Center

Officers of the Escanaba Softball association and all team managers will hold an important meeting tonight at 7:30 o'clock at the city recreation center.

Rev. A. A. Schabow, president of the association, said final plans for opening the season would be discussed.

## Bay De Noc Loop Schedule Given

PERKINS—A 14-game schedule was approved at a meeting of Commissioner Edward (Bud) Gibbs and managers of the Bay De Noc baseball league held here.

The season will open Sunday, May 21, with Fayette at Garden. Rock at Rapids, Cornell at Garden, Cocks at Nahma.

July 30—Fayette at Cocks. Rock at Garden. Cornell at Perkins. Nahma at Rapids River.

August 3—Nahma at Fayette. Cornell at Rock. Cocks at Rapids River. Garden at Perkins.

August 13—Fayette at Cornell. Rock at Nahma. Rapids River at Garden. Perkins at Cocks.

August 20—Rock at Fayette. Cornell at Nahma. Rapids River at Perkins. Garden at Cocks.

The approved schedule follows:

May 21—Fayette at Perkins. Rock at Rapids River. Cornell at Garden. Nahma at Garden.

May 28—Garden at Fayette. Cocks at Rock. Rapids River at Cornell. Perkins at Nahma.

June 4—Rock at Perkins. Fayette at Rapids River. Cornell at Garden. Nahma at Cocks.

June 11—Cocks at Fayette. Garden at Rock. Perkins at Cornell. Rapids River at Nahma.

June 18—Fayette at Nahma. Rock at Cornell. Rapids River at Cocks. Perkins at Garden.

June 25—Cornell at Fayette. Nahma at Rapids River. Garden at Perkins. Cocks at Rock.

July 2—Fayette at Rock. Nahma at Cornell. Perkins at Rapids River. Cocks at Garden.

July 9—Perkins at Fayette. Rapids River at Rock. Cocks at Nahma.

Perkins loses To Bark River

Fisk Allows Only One Bingle

BARK RIVER — Bark River-Harris high school opened its baseball season on a good note yesterday, defeating Perkins 11 to 4 in a game that was close up to the last inning.

Coach Paul DeBen's boys showed across six runs in the last inning to make it a runaway.

Despite the fact that they got one hit off David Fisk—that a double by the rival pitcher, D. Depuydt—Perkins scored three runs in the third inning and led until Bark River's two run burst in the fourth.

Perkins was aided in scoring by Fisk's 11 walk, but, except for the second inning, he was effective with men on bases, striking out seven.

Depuydt struck out five and walked five. Four of the six hits he allowed were for extra bases, a double and triple by Tousignant, and triples by Kwarciany and Cavadeas.

Score by innings: R H E

B. River . 1 1 2 6—11 6 2

Perkins . 1 3 0 0—4 1 5

Fisk and Tousignant.

D. Depuydt and K. Depuydt.

ANOTHER RUNAWAY

KALAMAZOO—(AP)—Western Michigan college's hit-happy baseball team, which has scored 37 runs in its last two games, demolished Ball State Teacher's college yesterday, 11 to 5. Left Johnson hit a three-run homer. Don Groggel also had a homer and two singles.

Walters Wins Top MIAA Award Twice

KALAMAZOO — (AP)—Frank (Bucky) Walters of Kalamazoo college claims the MIAA's "most valuable basketball player" award for the second straight year.

The Chicago senior is the only athlete ever to win the award twice. He won it for the first time in 1948-49. He was presented with the Randall C. Bosch trophy, symbolic of the award, at a dinner last night.

Walters, who holds Kalamazoo's season and total career scoring records, led the Hornets to an MIAA title and a berth in the NAIB cage tournament.

## 'White Supremacy' Issue Stirs Up Fight In ABC

By FRITZ HOWELL

COLUMBUS, O.—(AP)—An internal battle over its "white male" membership restriction is about to shake the 50-year-old American Bowling Congress to its foundations.

That was the consensus today as the grapevine whispered the results of last night's opening confab of the ABC "brass," the

executive directors.

No one was talking for publication, but the best guess was the directors had decided to bow to the pressure of lawsuits and erase the restriction from the books.

The big fight is scheduled Friday at the annual meeting. About 400 delegates from all parts of the U. S. and Canada have the power to overrule or refuse to approve any actions of the directors.

Although several big city associations were reported in favor of lifting the membership ban, the

## Men's Night At Highland; Show Movies

It's men's night at the Highland golf club tonight.

That means the fellows would like to get in a game of golf before the 7:30 dinner meeting.

But a look at the skies about noon today would seem to indicate that only the braver souls will get in their golf.

But anyway, there's a good program lined up in the clubhouse.

Besides the eats, Ben Douglas of Bark River will show motion pictures that ought to be of interest to plenty of sport fans.

One film is on golf—appropriate for a golf club meeting—and the other is on last year's baseball world series.

## Bark River Team Pushes Practice

BARK RIVER—Bark River's tri-county league baseball team getting ready for its opening game Sunday, will practice Wednesday, Thursday and Friday nights.

The team will play the benefit game at Perronville Sunday. Proceeds will be used to buy new uniforms for the Perronville team, which lost theirs in a fire several months ago.

Knauf said suits would be issued to team members after Wednesday night's practice. The session will be followed at 9 o'clock by motion pictures at the town hall. The films, obtained by Ben Douglas, are on baseball training and on the world series of last year. The public is invited to see the movies.

Injured In Detroit Race, Driver Dies

DETROIT—(AP)—Race car driver Louis Smith, Jr., 33, Detroit, injured in a crash on the motor city speedway Sunday, died in Holy Cross hospital last night.

Smith's father, a production engineer in North Chicago, reached the bedside by air from Milwaukee a few minutes before his son died.

Smith's car locked wheels with another racer and both cars jumped the fence. The other driver, Clare Lawicki, Detroit, was unhurt.

SPECIAL EVENT

LOS ANGELES—(AP)—A special two mile run involving some of the country's top distance runners has been added to the program for the 10th annual Coliseum relays the night of May 19. The field will include John Joe Barry of Villanova, Warren Drutzler of Michigan State, Dick Church of Syracuse, Bob McMullen of Occidental and Jim (Chief) Newcomb of USC.

NOSES OUT VINES

FRESNO, Calif.—(AP)—Husky E. J. (Dutch) Harrison, warming up for the Western open in Los Angeles next week, won the California state open championship yesterday, defeating Ellsworth Vines and Jack Gage. Harrison shot a sparkling 36-31—67 five under par. Vines carded a 69 and Gage 74.

**NOTICE OF REFERENDUM ON CREATION OF DELTA COUNTY SOIL CONSERVATION DISTRICT AND ELECTION OF DELTA COUNTY SOIL CONSERVATION DISTRICT TO ALL OCCUPIERS OF THREE OR MORE ACRES OF LAND LYING WITHIN DELTA COUNTY EXCEPT IN INCORPORATED CITIES AND VILLAGES:**

Notice is hereby given that on the twenty-third day of May, 1950, between the hours of 1:00 to 3:00 p. m. and 7:00 to 9:00 p. m., Eastern Standard Time, a referendum will be held on the creation of the proposed Delta County Soil Conservation District.

As provided in Act 237 of P. A. 1937, amended by Act 280, P. A. 1945, an election of three directors for said proposed district will be held at this same time. If results of the referendum are not approved by the State Soil Conservation Committee, this directors' election shall be null and void.

For the purpose of said referendum and directors' election, voting places will be established in the following places:

**Township**  
Garden—Garden Community Bldg.  
Fairbanks—Garden Community Bldg.  
Ensign—Alton Grange Hall  
Nahma—Alton Grange Hall  
Bay de Noc—Stonington Grange Hall  
Masonville—Masonville Twp. Hall  
Cornell—Cornell Town Hall  
Maple Ridge—Maple Ridge Twp. Hall  
Baldwin—Baldwin Township Hall  
Brampton—Brampton Township Hall  
Escanaba—Flat Rock Town Hall  
Wells—Danforth School  
Ford River—Ford River Twp. Hall  
Bark River—Bark River Com. Bldg.

Any person, firm or corporation who shall hold title to, or shall be in possession of, any lands three acres or more in extent lying within the said Delta County are eligible to vote.

Any land occupier of three or more acres of land who will be absent from the area on that date may secure a voter's registration and qualification card and an absentee voter's ballot by making application to Mr. Charles Cota, R. H. 1, Escanaba, Michigan, who has been appointed polling superintendent. Such application should state name and location of land occupied.

**BY ORDER OF THE STATE SOIL CONSERVATION DISTRICT**

## New Code Adopted On Military Justice

**WASHINGTON**—(AP)—President Truman has signed a bill setting up a uniform military law for soldiers, sailors and airmen alike in time of war or peace.

Mr. Truman said in a statement that he regards the new code of military justice as "an outstanding example of unification in the armed forces."

The measure was passed by Congress and sent to the White House April 26. It adjusts differences in the military codes dating back to the separate operation of the army, navy and air force.

Provisions of the bill permit an enlisted man to demand the privilege of having enlisted men on the court trying his case. It prohibits guilty pleas in cases involving death sentences.

Accused persons are guaranteed competent legal counsel.

## Steamer Fire Safety Sought

### Steps Taken To Curb Ship Disasters

CLEVELAND—(P)—The Fire Department announced it is taking steps to prevent disasters similar to the fire which struck the steamer Noronic in Toronto last September.

Capt. J. R. Dempsey of the Fire Prevention Bureau outlined these moves:

Water connections are being placed on all passenger ships docking here so that fire engines can pump lake water into the vessels' sprinkling systems in emergencies.

Ship telephones will be connected with the city phone system when the vessels are in port.

The Fire Department will conduct weekly inspections of Detroit & Cleveland Navigation Co. ships plying between the two cities. Cruise ships will be inspected weekly or as often as their schedules permit.

A second fire alarm box is being installed on the E. Ninth St. pier where passenger vessels dock here.

The fire captain disclosed that he and Capt. Herman J. Behnke spent two days in Detroit this week conferring with officials of the fire department and the D. & C. company.

He reported that sprinkling systems, under which the pipes contain no water until an alarm automatically fills them, he said. In the "wet" system, the pipes are filled with water at all times.

### New Camera Takes Stills In Jet Plane At 500 Miles An Hour

PHILADELPHIA—(P)—An air officer says a new camera in a jet airplane flying at 500 miles per hour took a picture of a man playing cards on the ground so clear "you could read the ace of spades."

Col. George W. Goddard, director of photography and research development at the air force center, Wright Field, Ohio, told the Philadelphia chapter of the armed forces communication association the new camera was capable of taking clear pictures from a low-flying plane traveling 3,000 miles an hour—if such a speed were attainable.

During a recent test, he said, "a jet plane traveling 500 miles an hour flew over a man holding playing cards, passing only 50 feet over his head."

The picture was so sharp you could read the ace of spades, Colonel Goddard reported.

He said the camera uses moving film, doing away with the conventional type of shutter.

Through your response to their appeal, the Red Cross becomes your agent to do for your less fortunate neighbors the things you would do yourself if you could be at the scene when calamity strikes. —President Truman.

The man who seeks to gain political advantage from personal attack on a secretary of state is a man who seeks political advantage from damage to his country.—Henry L. Stimson, former secretary of state and secretary of war.

## For Finest Perfumes Made It's Grasse, World Center

By NEA SERVICE

GRASSE, France—(NEA)—This town of 20,000, the richest, most famed small town in France, owes its wealth to the value which women place on perfume. There are 60 perfume establishments here, each busily engaged in choosing and blending ingredients to make up new perfume scents.

Arcady Noel is typical of the perfumers of Grasse. When he creates a new scent, he composes it, much as a symphony is written, around a central theme.

His latest theme is the American career girl.

"The independent girl of the United States has inspired my newest perfume," he explains. "I've never been to America, but

I hear that there are many such girls there, girls who are successful with careers and happily married, too. European women envy and admire these girls."

Mme. Jeanne Noel, M. Noel's wife and business partner, nodded.

The chemist added chunks of dark solids to the bright liquids of his compounds as he talked. It was a mysterious alchemy, the basis of a big business in France.

"This new perfume must be, therefore, arresting, modern, sultry and mysterious. But not too sweet."

The dominant note of "La Carrieriste" (Career Girl) is compounded of cyclamen and oak moss, with a sultry note stemming from the rose of Bulgaria.

But it was not so simple as that. There were other things about this perfume—the oils of jasmine, carnation, violet and orange blossom, the sharp definition arising from a blending of the jasmine and violet. In all some 100 ingredients were chosen and blended for the creation of "La Carrieriste."

Yet Noel could not know, the moment he had finished his perfume, that it was good and worthy of the fine French reputation.

First, the blend must be aged, like a choice wine. While it ages, one copy of its formula is kept in a vault in Grasse, another goes to Paris, and a third is sent to a safe spot out of France.

Every year, more than 6000 tons of flowers harvested by women and children are made into essences. In addition, the yellow blossoms of the mimosa tree are flown out of nearby Nice by Air France to the flowers markets of Paris, London, Brussels and Amsterdam.

Because the perfume business is vital to France in its efforts to collect more U. S. cash, Grasse has scouts wandering through every nation and island in the world, looking for something new in perfume ingredients. And Grasse gets more foreign mail and cablegrams than any other place in France, including Paris.

Poland uses 60,000 tons of hering annually.

### Expert Forecasts Some Super Weeds

NORTH PLATTE, Neb.—(P)—Are the new chemical weed killers, such as 2-4-D, in danger of producing a race of "super weeds"? It's a good bet under certain conditions in the opinion of Glenn Viehmeier, assistant in horticulture at the University of Nebraska's sub-station here.

Assuming that a dose of 2-4-D doesn't kill all weeds, then those that survive must be presumed to be possessed of some degree of resistance. Offspring of the weeds with resistance should inherit some of this resistant quality. Repeat the process regularly enough and the weeds eventually will "reach the highest degree of tolerance inherent in the race under treatment," says Viehmeier.

### Baby Is Mechanic At Age Of Three

GARDEN GROVE, Calif.—(P)—Freddy Brugeman is an accomplished tractor driver at the age of three.

A clear-eyed, serious young chap with remarkable mechanical aptitude, he has been soloing on his father's tractor in the family orange grove for several months. Freddy began by tinkering with cars and removing the locks from doors—not always to the benefit of these devices.

The boy's father decided to divert this zest for mechanics into useful channels and taught him to plow a furrow through the orange trees.

Poland uses 60,000 tons of hering annually.

# THE Fair STORE Remembrances for Mother...

## \*TEXTRON Hostess Robe

For tea-time or candle-lit hours... Textron's romantic, delicate rayon print. We call it "Charleston Garden"... lacy, filigree-gate print that whispers of ante-bellum mansions of the past. In soft French rayon crepe that suds as gently as your finest lingerie. Aqua, lemon or pink, touched with contrasting grosgrain ribbon. Sizes 10 to 20, **\$8.95**

## \*TEXTRON Negligee

A LOVELY HALF-SIZE ROBE ESPECIALLY STYLED FOR THE WOMAN 5' 5" OR UNDER!

Youthfully styled, specially sized, this negligee by Textron has three-quarter sleeves, a softly draped bodice... a nipped-in, adjustable waistline. Of washable rayon in a Swiss-rose print with a tie-belt bound in solid color grosgrain. Black, copen, gray. Sizes 14½ to 24½. **\$8.95**

## FASHIONS FOR MOTHER STYLED BY

A smart bemberg sheer for Mother styled by Georgiana. Short sleeves, buttoned to the waist and skirt falling into soft folds. Many styles in colorful prints. Sizes 10 to 20.

**\$8.95**

Pick this Georgiana sheer gingham for fresh, young flattery. Their famous Georgiana fit and finish mark these gingham as values to boast about. Half sizes 16½ to 22½.

**\$8.95**

## Mother Knows It's Her Day When

### She's Gifted With Oomphies
